

Dear Members Of The Illinois Pollution Control Board:

I urge you to adopt strong controls that, by 2009, would cut coal plant mercury pollution by 90%.

Every river, lake, and stream in Illinois now carries a health warning for mercury contamination. Illinois can address this problem now and show America how requiring cost-effective measures for mercury control will clean up local lakes and streams and promote a healthy economy. PC# 6289

Reducing mercury emissions by 90% is achievable at reasonable cost. Please approve this plan for our families and our wildlife from unnecessary harm.

RECEIVED
CLERK'S OFFICE

AUG 29 2006

Sincerely,
Name

Jeffrey M. Myrdal

SECRETARY
STATE OF ILLINOIS
Pollution Control Board

Address

1200 Hamlock Drive
