MOTION FOR RELIEF FROM HEARING REQUIREMENT

NOW COMES Complainant, PEOPLE OF THE STATE OF ILLINOIS, by LISA MADIGAN, Attorney General of the State of Illinois, and pursuant to Section 31(c)(2) of the Illinois Environmental Protection Act ("Act"), 415 ILCS 5/31(c)(2) (2004), moves that the Illinois Pollution Control Board grant the parties in the above-captioned matter relief from the hearing requirement imposed by Section 31(c)(1) of the Act, 415 ILCS 5/31(c)(1) (2004). In support of this motion, Complainant states as follows:

1. The parties have reached agreement on all outstanding issues in this matter.
2. This agreement is presented to the Board in a Stipulation and Proposal for Settlement, filed contemporaneously with this motion.
3. All parties agree that a hearing on the Stipulation and Proposal for Settlement is not necessary, and respectfully request relief from such a hearing as allowed by Section 31(c)(2) of the Act, 415 ILCS 5/31(c)(2) (2004).

WHEREFORE, Complainant, PEOPLE OF THE STATE OF ILLINOIS, hereby requests that the Board grant this motion for relief from the hearing requirement set forth in Section 31(c)(1) of the Act, 415 ILCS 5/31(c)(1) (2004).

Respectfully submitted,

STIPULATION AND PROPOSAL FOR SETTLEMENT

Complainant, PEOPLE OF THE STATE OF ILLINOIS, by LISA MADIGAN, Attorney General of the State of Illinois, the Illinois Environmental Protection Agency ("Illinois EPA"), and LAKE EGYPT WATER AND WASTEWATER DISTRICT ("Respondent"), have agreed to the making of this Stipulation and Proposal for Settlement ("Stipulation") and submit it to the Illinois Pollution Control Board ("Board") for approval. The parties agree that the statement of facts contained herein represents a fair summary of the evidence and testimony which would be introduced by the parties if a hearing were held. The parties further stipulate that this statement of facts is made and agreed upon for purposes of settlement only and that neither the fact that a party has entered into this Stipulation, nor any of the facts stipulated herein, shall be introduced into evidence in any other proceeding regarding the claims asserted in the Complaint except as otherwise provided herein. If the Board approves and enters this Stipulation, Respondent agrees to be bound by the Stipulation and Board Order and not to contest their validity in any subsequent proceeding to implement or enforce their terms.

I. JURISDICTION

The Board has jurisdiction of the subject matter herein and of the parties consenting hereto pursuant to the Illinois Environmental Protection Act ("Act"), 415 ILCS 5/1 et seq. (2004).

II. AUTHORIZATION

The undersigned representatives for each party certify that they are fully authorized by the party whom they represent to enter into the terms and conditions of this Stipulation and to legally bind them to it.

III. STATEMENT OF FACTS

A. Parties

1. On July 6, 2005, a Complaint was filed on behalf of the People of the State of Illinois by Lisa Madigan, Attorney General of the State of Illinois, on her own motion and upon the request of the Illinois EPA, pursuant to Section 31 of the Act, 415 ILCS 5/31 (2004), against the Respondent.

2. The Illinois EPA is an administrative agency of the State of Illinois, created pursuant to Section 4 of the Act, 415 ILCS 5/4 (2004).

3. At all times relevant to the Complaint, Respondent Lake Egypt Water and Wastewater District was and is a government agency created in 1974 by the local community and governed by a seven-member Board of Directors consisting of local residents that operate a water filtering and purification plant in the State of Illinois.

B. Site Description

1. At all times relevant to the Complaint, Respondent owned and operated a water filtering and purification plant located at 11484 Lake of Egypt Road, Marion, Williamson County, Illinois.

2. The Respondent obtains its water from Lake of Egypt and serves approximately 11,000 persons year-round through 4,239 service connections in Johnson and Williamson Counties.

3. A supplier of water must maintain an annual average removal ratio of at least 1, unless the supplier can meet an alternative compliance standard. In the final quarter of 2002, the Respondent's annual average TOC removal ratio was 0.86, and the Illinois EPA determined that the Respondent could not meet an alternative compliance standard.

4. From on or about December 9, 2002 through at least June 22, 2004, Respondent failed to demonstrate that TOC removal ratio levels were in compliance with either Step 1 TOC percent removal requirements or meet the requirements of alternative compliance criteria.

C. Allegations of Non-Compliance

Complainant contends that the Respondent has violated the following provisions of the Act and Board regulations:

Count I: Failure to demonstrate adequate TOC removal, in violation of Section 18 of the Act, 415 ILCS 5/18 (2004), and 35 Ill. Adm. Code 611.383(d) and 611.385.

D. Non-Admission of Violations

The Respondent represents that it has entered into this Stipulation for the purpose of settling and compromising disputed claims without having to incur the expense of contested litigation. By entering into this Stipulation and complying with its terms, the Respondent does not affirmatively admit the allegations of violation within the Complaint and referenced within Section III.C herein, and this Stipulation shall not be interpreted as including such admission.

E. Compliance Activities to Date

1. On May 20, 2004, the Respondent requested an alternative Minimum Removal under a Step 2 removal percentage.

2. On June 22, 2004, the Illinois EPA issued a letter to Defendant stating that the new Step 2 analysis qualified Defendant for a new alternative minimum TOC removal ratio and that this alternative TOC removal ratio was retroactive to January 1, 2003.

IV. APPLICABILITY

This Stipulation shall apply to and be binding upon the Complainant and the Respondent, and any officer, director, agent, or employee of the Respondent, as well as any successors or assigns of the Respondent. The Respondent shall not raise as a defense to any enforcement action taken pursuant to this Stipulation the failure of any of its officers, directors, agents, employees or successors or assigns to take such action as shall be required to comply with the provisions of this Stipulation.

1. No change in ownership, corporate status or operator of the water treatment plant shall in any way alter the responsibilities of the Respondent under this Stipulation and Proposal for Settlement. In the event of any conveyance of title, easement or other interest in the water treatment plant, the Respondent shall continue to be bound by and remain liable for performance of all obligations under this Stipulation.

2. In the event that the Respondent proposes to sell or transfer any real property or operations subject to any Order accepting and adopting the terms of this Stipulation and Proposal for Settlement, the Respondent shall notify the Complainant 30 days prior to the conveyance of title, ownership or other interest, including a leasehold interest in the water treatment plant or a portion thereof. The Respondent shall make the prospective purchaser or successor's compliance with any Order accepting and adopting the terms of this Stipulation a condition of any such sale or transfer and shall provide a copy of this Stipulation and any Order accepting and adopting the terms of this Stipulation to any such successor in interest. This provision does not relieve the Respondent from compliance with any regulatory requirement regarding notice and transfer of applicable water treatment plant permits.

V. COMPLIANCE WITH OTHER LAWS AND REGULATIONS

This Stipulation in no way affects the responsibilities of the Respondent to comply with any other federal, state or local laws or regulations including, but not limited to, the Act and the Board regulations, 35 Ill. Adm. Code, Subtitles A through H.

VI. IMPACT ON THE PUBLIC RESULTING FROM ALLEGED NON-COMPLIANCE

Section 33(c) of the Act, 415 ILCS 5/33(c)(2004), provides as follows:

In making its orders and determinations, the Board shall take into consideration all the facts and circumstances bearing upon the reasonableness of the emissions, discharges, or deposits involved including, but not limited to:

1. the character and degree of injury to, or interference with the protection of the health, general welfare and physical property of the people;
2. the social and economic value of the pollution source;
3. the suitability or unsuitability of the pollution source to the area in which it is located, including the question of priority of location in the area involved;
4. the technical practicability and economic reasonableness of reducing or eliminating the emissions, discharges or deposits resulting from such pollution source; and
5. any subsequent compliance.

In response to these factors, the parties state the following:

1. Human health and the environment were threatened by the Respondent's violations.
2. There is social and economic benefit to the operation of the water filtering and purification plant.
3. Operation of the water filtering and purification plant was suitable for the area in which it occurred.
4. Demonstrating adequate TOC removal is both technically practicable and economically reasonable.
5. Respondent has subsequently complied with the Act and the Board Regulations.

VII. CONSIDERATION OF SECTION 42(h) FACTORS

Section 42(h) of the Act, 415 ILCS 5/42(h)(2004), provides as follows:

In determining the appropriate civil penalty to be imposed under . . . this Section, the Board is authorized to consider any matters of record in mitigation or aggravation of penalty, including but not limited to the following factors:

1. the duration and gravity of the violation;
2. the presence or absence of due diligence on the part of the respondent in attempting to comply with requirements of this Act and regulations thereunder or to secure relief therefrom as provided by this Act;
3. any economic benefits accrued by the respondent because of delay in compliance with requirements, in which case the economic benefits shall be determined by the lowest cost alternative for achieving compliance;
4. the amount of monetary penalty which will serve to deter further violations by the respondent and to otherwise aid in enhancing voluntary compliance with this Act by the respondent and other persons similarly subject to the Act;
5. the number, proximity in time, and gravity of previously adjudicated violations of this Act by the respondent;
6. whether the respondent voluntarily self-disclosed, in accordance with subsection i of this Section, the non-compliance to the Agency; and
7. whether the respondent has agreed to undertake a "supplemental environmental project," which means an environmentally beneficial project that a respondent agrees to undertake in settlement of an enforcement action brought under this Act, but which the respondent is not otherwise legally required to perform.

In response to these factors, the parties state as follows:

1. The Respondent failed to demonstrate that TOC removal ratio levels were in compliance with either Step 1 TOC percent removal requirements or meet the requirements of alternative compliance criteria. The violations began on or around December 9, 2002, and lasted through at least June 22, 2004.

2. Respondent was diligent in attempting to come back into compliance with the Act, Board regulations and applicable federal regulations, once the Illinois EPA notified it of its noncompliance.

3. The economic benefit was minimal. It consists of the failure to perform certain analysis and is recovered by the penalty.

4. Complainant has determined, based upon the specific facts of this matter, that a penalty of Six Thousand Four Hundred Dollars (\$6,400.00) will serve to deter further violations and aid in future voluntary compliance with the Act and Board regulations.

5. Respondent has previously adjudicated violations of the Act in People v. Lake of Egypt Water District, et al., PCB No. 99-72, (July 31, 2000). Respondent had constructed and operated numerous water main extensions without proper permits, and had violations for falsification of numerous documents and data. The Illinois PCB's order (PCB No. 99-72), entered in 2000, included a \$25,000.00 penalty.

6. Self-disclosure is not at issue in this matter.

7. The settlement of this matter does not include a supplemental environmental project.

VIII. TERMS OF SETTLEMENT

A. Penalty Payment

1. The Respondent shall pay a civil penalty in the sum of Six Thousand Four Hundred Dollars (\$6,400.00) within thirty (30) days from the date the Board adopts and accepts this Stipulation. The Respondent stipulates that payment has been tendered to Respondent's

attorney of record in this matter in a form acceptable to that attorney. Further, Respondent stipulates that said attorney has been directed to make the penalty payment on behalf of Respondent, within thirty (30) days from the date the Board adopts and accepts this Stipulation, in a manner prescribed below. The penalty described in this Stipulation shall be paid by certified check, money order or electronic funds transfer payable to the Illinois EPA, designated to the Illinois Environmental Protection Trust Fund and submitted to:

Illinois Environmental Protection Agency
Fiscal Services Section
1021 North Grand Avenue East
P.O. Box 19276
Springfield, IL 62794-9276

The name and number of the case shall appear on the check. A copy of the certified check, money order or record of electronic funds transfer and any transmittal letter shall be sent to:

Kristen Laughridge Gale
Assistant Attorney General
Environmental Bureau
500 South Second Street
Springfield, Illinois 62702

Thomas Andryk
Assistant Counsel
Illinois Environmental Protection Agency
1021 North Grand Avenue East
P.O. Box 19276
Springfield, Illinois 62794-9276

2. Pursuant to Section 42(g) of the Act, 415 ILCS 5/42(g) (2004), interest shall accrue on any payment not paid within the time period prescribed above at the maximum rate allowable under Section 1003(a) of the Illinois Income Tax Act, 35 ILCS 5/1003 (2004). Interest

on any unpaid payment shall begin to accrue from the date the payment is due and continue to accrue until the date payment is received. When partial payment(s) are made, such partial payment shall be first applied to any interest on unpaid payment then due and owing. All interest on payment owed shall be paid by certified check, money order or electronic funds transfer, payable to the Illinois EPA, designated to the Illinois Environmental Protection Trust Fund and delivered to the address and in the manner described above.

3. For purposes of payment and collection, Respondent may be reached at the following address:

James B. Bleyer
Bleyer and Bleyer
601 West Jackson Street - PO BOX 487
Marion, Illinois 62959-0487

4. In the event of default of this Section VIII.A, the Complainant shall be entitled to all available relief including, but not limited to, reasonable costs of collection and reasonable attorney's fees.

B. Future Use

Notwithstanding any other language in this Stipulation to the contrary, and in consideration of the mutual promises and conditions contained in this Stipulation, including the Release from Liability contained in Section VIII.D., below, the Respondent hereby agrees that this Stipulation may be used against the Respondent in any subsequent enforcement action or permit proceeding as proof of a past adjudication of violation of the Act and the Board Regulations promulgated thereunder for all violations alleged in the Complaint in this matter, for

purposes of Section 39(a) and (i) and/or 42(h) of the Act, 415 ILCS 5/39(a) and(i) and/or 5/42(h)(2004). Further, Respondent agrees to waive any rights to contest, in any subsequent enforcement action or permit proceeding, any allegations that these alleged violations were adjudicated.

C. Cease and Desist

The Respondent shall cease and desist from future violations of the Act and Board Regulations that were the subject matter of the Complaint as outlined in Section III.C ("Allegations of Non-Compliance") of this Stipulation.

D. Release from Liability

In consideration of the Respondent's payment of the \$6,400.00 penalty and any specified costs and accrued interest, completion of all activities required hereunder, to Cease and Desist as contained in Section VIII.C. and upon the Pollution Control Board's acceptance and approval of the terms of this Stipulation and Proposal for Settlement, the Complainant releases, waives and discharges the Respondent from any further liability or penalties for violations of the Act and Board Regulations that were the subject matter of the Complaint herein. The release set forth above does not extend to any matters other than those expressly specified in Complainant's Complaint filed on July 6, 2005. The Complainant reserves, and this Stipulation is without prejudice to, all rights of the State of Illinois against the Respondent with respect to all other matters, including but not limited to, the following:

- a. criminal liability;

- b. liability for future violation of state, federal, local, and common laws and/or regulations;
- c. liability for natural resources damage arising out of the alleged violations; and
- d. liability or claims based on the Respondent's failure to satisfy the requirements of this Stipulation.

Nothing in this Stipulation is intended as a waiver, discharge, release, or covenant not to sue for any claim or cause of action, administrative or judicial, civil or criminal, past or future, in law or in equity, which the State of Illinois or the Illinois EPA may have against any person, as defined by Section 3.315 of the Act, 415 ILCS 5/3.315, or entity other than the Respondent.

E. Right of Entry

In addition to any other authority, the Illinois EPA, its employees and representatives, and the Attorney General, her agents and representatives, shall have the right of entry into and upon the Respondent's water treatment plant which is the subject of this Stipulation, at all reasonable times for the purposes of carrying out inspections. In conducting such inspections, the Illinois EPA, its employees and representatives, and the Attorney General, her employees and representatives may take photographs, samples, and collect information, as they deem necessary.

F. Enforcement of Board Order

1. Upon the entry of the Board's Order approving and accepting this Stipulation and Proposal for Settlement, that Order is a binding and enforceable order of the Illinois Pollution Control Board and may be enforced as such through any and all available means.

2. Respondent agrees that notice of any subsequent proceeding to enforce the Board Order approving and accepting this Stipulation and Proposal for Settlement may be made by mail and waives any requirement of service of process.

3. The parties agree that, if the Board does not approve and accept this Stipulation and Proposal for Settlement, then neither party is bound by the terms herein.

4. It is the intent of the Complainant and Respondent that the provisions of this Stipulation and Proposal for Settlement and any Board Order accepting and approving such shall be severable, and should any provision be declared by a court of competent jurisdiction to be inconsistent with state or federal law, and therefore unenforceable, the remaining clauses shall remain in full force and effect.

WHEREFORE, Complainant and Respondent request that the Board adopt and accept the foregoing Stipulation and Proposal for Settlement as written.
