Field Notes: 20 September 06

At approximately 0735 hours, while in route to work, IEPA EOU responder George Krebs, noticed a large amount of black smoke coming from an area south of Main Street, in Williamsville, Sangamon County.

This responder arrived in front of 501 Oak Street, and was met by off duty Springfield firefighter Clint Warnisher. This responder inquired as to what was burning. Mr. Warnisher stated that the guy (later identified as Mr. Caldwell) was burning construction waste and vinyl siding. Mr. Warnisher stated that he informed Mr. Caldwell that he could not burn construction waste and that burning this material created toxic fumes. Mr. Warnisher then departed. This responder met with Williamsville Police Officer Dan Fawns, Badge #792 who was seen leaving the incident location. This responder requested that Officer Fawns call the Sangamon County Non-emergency number and request that the fire be extinguished. Office Fawns complied.

This responder inquired with Mr. Caldwell, (Officer Fawns present) and determined during the interview that Mr. Caldwell created and ignited a pile of construction debris that included vinyl siding, scrap lumber, asphalt shingles, plastic bottles, and yard waste. The wind was out of the west at approximately 5-10 mph.

Williamsville FD, volunteer firefighter Clint Warnisher arrived on scene to extinguish the burning construction debris. The fire was extinguished in approximately 15-20 minutes.

Measurement taken after the fire was extinguished, determined that the fire was set approximately 25 feet east of a building under construction. The burn pile was approximately 16 feet wide (east-west) and 19 feet in length (north-south).
