RULEMAKING UPDATE

RCRA UPDATE PROPOSED FOR PUBLIC COMMENT, R92-10.

On October 16, 1992, the Board adopted proposed regulations to amend the RCRA hazardous waste regulations so as to be identical in substance to regulations adopted by the USEPA during the period of 1/1/92 to 6/30/92. The proposed rules address criteria for listing toxic hazardous waste, liners and leak detection for land disposal units, extension of stay for coatings for wood preserving drip pads, mixture and derived-from rules, "third-third" corrections, general "capacity variance" for "debris", exclusion of used oil filters, exclusion of coke by-product residues, and national capacity "variances" for certain reclaimed lead storage batteries. Also, the Board proposes to include corrections published by the USEPA after June 30, 1992 regarding the used oil filter and the toxicity characteristic leaching procedure (TCLP) rules. The Board will receive public comment for 45 days after the proposed rules are published in the Illinois Register. Direct questions to Morton Dorothy, at 217-333-5575.

UIC UPDATE PROPOSED FOR PUBLIC COMMENT, R92-13

On October 16, 1992, the Board adopted proposed regulations to amend the UIC underground injection control regulations so as to be identical in substance to regulations adopted by the USEPA during the period of 1/1/92 to 6/30/92. The proposed rules address approval of the water-brine interface mechanical integrity test, and "third-third" corrections. The Board will receive public comment for 45 days after the proposed rules are published in the Illinois Register. Direct questions to Morton Dorothy, at 217-333-5575.

BOARD OPENS DOCKET R92-20, AMENDMENTS TO 35 ILL. ADM. CODE 615 AND 616 (GROUNDWATER); EXCEPTIONS FOR PESTICIDE AND FERTILIZER FACILITIES

On September 15, 1992, Governor Edgar signed Senate Bill 1750 (Public Act 87-1108) into law. This act amends the Illinois Environmental Protection Act to provide an alternative groundwater protection program for certain agricultural facilities currently subject to 35 Ill. Adm. Code 615 and 616. On October 16, 1992, the Board opened this docket to begin rulemaking procedures to conform the Part 615 and 616 regulations with

P.A. 87-1108.

The current Part 615 and 616 rules regulate new and existing agricultural facilities that are located within setback zones of potable water wells, with an effective compliance date of January 1, 1993. Under the provisions of PA 87-1108 facilities may elect to opt out of the Part 615 and 616 program and instead participate in an alternative groundwater protection program to be administered by the Illinois Department of Agriculture.

The Illinois Environmental Protection Agency (Agency) has elected not to act as proponent in this matter, and so notified the Board of this intent by letter to the Board dated October 14, 1992. The Agency does, however, by the same letter recommend language that it believes would provide the necessary Part 615 and 616 amendments. No other proponent has stepped forward.

Because the January 1, 1993 compliance date is now imminent, the Board noted the need for this matter to proceed expeditiously. Accordingly, on October 16, the Board offered the Agency's recommendation for first notice, but without making substantive evaluation of the merits of the recommendation.

Two public hearings will be held on the proposal, as follows:

TUESDAY DECEMBER 8, 1992

10:30 a.m.
Bloomington City Hall
City Council Chambers
109 West Olive Street
Bloomington, IL

THURSDAY DECEMBER 10, 1992

10:30 a.m.
DeKalb Municipal Building
Council Chambers
20 South 4th Street
DeKalb, IL

Those interested in testifying should contact the hearing officer, Michelle Dresdow, prior to November 16, 1992, at 815/753-0947.

FOR YOUR INFORMATION

Board Member G. Tanner Girard and Intergovernmental Affairs Attorney Phillip R. Van Ness attended the annual conference of the Illinois Environmental Council in Springfield on October 17.

On October 19 and 20, Board Members Ronald Flemal and Bill Forcade attended the conference "Assessment and Treatment of Contaminated Sediments in the North Branch Chicago River" in Glencoe, Illinois.

BOARD INITIATES ELECTRONIC BULLETIN BOARD (BBS) SERVICE

The Pollution Control Board is happy to announce the beginning of its electronic BBS service. The Board's BBS is available to any person having access to a computer and a modem. It is a first step towards filling a need to better communicate with the public regarding Board operations. It will also help the public track developments in matters before the Board.

Information on the BBS may be read on-line or may be downloaded onto your computer for later reference. Downloading will generally save money on your phone bill. In addition, all current BBS files can be obtained in hard copy form from the Board's Chicago office. At present, the Board's BBS contains the following:

1. The latest Board meeting agenda. This will enable anyone in the State to determine which matters are scheduled for discussion or decision at the next Board meeting (please note that matters scheduled for decision may be deferred at the last moment). Agendas are typically updated three or more times prior to each Board meeting.
2. The latest Environmental Register. The Register includes a current listing of Board activities, recent decisions, scheduled hearings and new cases.
3. The latest Annual Report. This includes useful information regarding the Board, including operating statistics, relevant court cases, future plans and trends.

4. An introduction to the workings of the Board. This brief overview of Board functions, publications and other data is particularly designed to acquaint the newcomer to the operations of the Board.

The Board hopes to improve and perhaps expand the services offered on its BBS as time and resources permit. It seeks your help. Please take the time to log on and experiment with the system; let us know (by mail or through one of the BBS "Conferences") of any problems you encounter and any improvements you suggest. There is only one line in to the BBS, so if you get a busy signal, call back later. The BBS is available 24 hours a day, seven days a week.

The Board's BBS can be reached by modem only at 312-814-1590. The best communications settings are 8 data bits, no parity, and 1 stop bit (i.e., 8-N-1). The best terminal emulation is ANSI-BBS or just ANSI. The BBS utilizes a 2400 baud modem.

PUBLIC WATER SUPPLIES RESTRICTED STATUS AND CRITICAL REVIEW LISTS

The Illinois Environmental Protection Agency, Division of Public Water Supplies, Permit Section, is publishing copies of the Division's Restricted Status and Critical Review lists in this issue of the Environmental Register. The lists are being published here as part of the quarterly notification to the public. The lists have been slightly modified to reflect changes made since the previous publication.

FINAL ACTIONS - OCTOBER 16, 1992 BOARD MEETING

PCB 85-140 Citizens Utilities Company v. IEPA - The Board affirmed the Agency's imposition of a condition in Citizens' NPDES permit limiting the concentration of ammonia nitrogen in Citizens' effluent from its treatment plant located in Will County.

PCB 91-143 Ohio Grain Company v. IEPA - The Board affirmed the Agency's denial of Ohio Grain's application for an air operating permit for its facility located in Bureau County. In so holding, the Board rejected Ohio Grain's contentions that it was exempt from permit requirements under Section 201.146(s) and (u) and that it had met its burden of establishing an equivalent method of compliance under Section 212.462(b)(2).

PCB 91-201 RFK Enterprises v. IEPA - The Board granted a joint motion to dismiss a UST fund appeal from Franklin County.

PCB 91-259 City of Rockford v. IEPA - The Board granted a joint motion to dismiss a UST fund appeal from Winnebago County.

PCB 92-94 Marsco Manufacturing Company v. IEPA - The Board granted the petitioner's motion for voluntary dismissal of an air permit appeal from a facility located in Cook County.

PCB 92-83 Harlem Township v. IEPA - The Board affirmed the Agency's determination that Harlem Township was not entitled to reimbursement from the UST Fund for its garage facility located in Winnebago County reasoning that a release of gasoline from a pump nozzle is not a release from a UST.

AC 92-3 IEPA v. Dennis Grubaugh - The Board found that respondent violated Sections 21(p)(1) and (p)(3) of the Act on property located in Fayette County and imposed a \$1,000 fine payable to the Environmental Protection Trust Fund.

AC 92-5 IEPA v. Ronald D. Rawe & Retha M. Rawe - The Board found that respondents violated Section 21(p)(1) of the Act by allowing open dumping resulting in litter on their property located in Greene County and imposed a \$500 fine payable to the Environmental Protection Trust Fund.

AC 92-48 Sangamon County v. Delmar Donley & Don Chem, Inc. - The Board accepted the parties' stipulation imposing a \$500 penalty for a violation of Section 21(p)(1) of the Act on respondent's property located in Sangamon County.

NEW CASES - OCTOBER 16, 1992 BOARD MEETING

PCB 92-119 Yolanda Price v. South Shore Villa Condominiums, and Quality Management Service, Inc. - No action was taken on this noise enforcement case involving a condominium in Cook County.

PCB 92-142 Illinois Power Company (Clinton Power Station) v. EPA - The Board accepted an October 14, 1992 thermal determination petition for a site in DeWitt County, which was initially docketed as PCB 92-153, as an amendment to this docket and closed docket PCB 92-153.

PCB 92-143 Dietzgen Corporation v. EPA - This petition for an air variance for a Cook County site was accepted for hearing.

PCB 92-144 City of Highland v. EPA - This petition for a public water supply variance for a Madison County site was held for an Agency recommendation.

PCB 92-145 Thomas J. Konkell v. City of Crest Hill - This citizen's water complaint for a Will County site was held for a duplicitous and frivolous determination.

PCB 92-146 People of the State of Illinois v. Greyhound Lines, Inc. - The Board directed its Clerk to cause publication of the stipulated settlement in this land complaint involving a site in Cook County.

PCB 92-147 People of the State of Illinois v. F & B Manufacturing Company - The Board directed its Clerk to cause publication of the stipulated settlement in this land complaint involving a site in Lake County.

PCB 92-148 People of the State of Illinois v. Leaf Confectionary, Inc. - The Board directed its Clerk to cause publication of the stipulated settlement in this air complaint involving a site in Cook County.

PCB 92-149 People of the State of Illinois v. Oak Valley Wood Products, Inc. - This air pollution enforcement matter involving a Richland County site was accepted for hearing.

PCB 92-150 Ball Corporation, Ball Metal Decorating & Service Division v. EPA - This air permit appeal for a Cook County site was consolidated with PCB 91-175 and PCB 91-258 and accepted for hearing.

PCB 92-151 Super America Group, Inc. (Super America) v. EPA - This underground storage tank reimbursement appeal was dismissed as being unripe for review.

PCB 92-152 State Bank of Whittington v. EPA - This underground storage tank reimbursement appeal for a Franklin County site was accepted for hearing.

PCB 92-153 Illinois Power Company (Clinton Power Station) v. EPA - see PCB 92-142 above.

R92-20 Amendments to 35 Ill. Adm. Code 615 and 616 (Groundwater), Exceptions for Pesticide and Fertilizer Facilities see Final Actions above.
