ERRATA SHEET

NOW COMES Petitioner, LONE STAR INDUSTRIES, INC. d/b/a Buzzi Unicem USA (hereinafter "Lone Star" or "Petitioner"), by and through its attorneys, HODGE DWYER ZEMAN, and hereby submits its ERRATA SHEET for the above-captioned matter to the Illinois Pollution Control Board ("Board"). This ERRATA SHEET is submitted to notify the Board and the Illinois Environmental Protection Agency of a typographical error in paragraphs 8 and 9 of Petitioner's original Petition for Review filed on January 29, 2007. These paragraphs should read as follows:

* * *

8. On November 14, ~~2007~~2006, Lone Star applied for a revision to the October 2005 revised construction permit to allow Lone Star to utilize Agriculture Seed Fuel Material ("ASFM") as an alternative fuel in the Kiln, subject to certain conditions, and to use the Supplemental Material Storage and Feed System (former CLKD system) to introduce ASFM into the Kiln.

9. On December 22, 2006, in response to Lone Star's November 14, ~~2007~~2006, application for permit revision, Illinois EPA

issued Lone Star a revised construction permit (“December 22, 2006 Construction Permit”). This December 22, 2006 Construction Permit is a revision to the May 15, 2006 Test Burn Permit (Application No. 06030057) rather than, as Lone Star requested, a revision to the October 2005 revised air construction permit (Application No. 02050070). A copy of the December 22, 2006 Construction Permit is attached hereto as Exhibit B.
