HEARING OFFICER ORDER

On March 26, 2007, the parties participated in a telephone status conference with the hearing officer. Complainant's noise expert was not satisfied with the solutions proposed by respondent's noise expert. Respondent has rejected the proposal from complainant's expert, as it would cause traffic safety issues due to obstructed vision. The parties will try to set up a meeting with both noise experts to determine whether this case may be settled, or whether a hearing will be needed.

The parties are directed to participate in a telephone status conference with the hearing officer at 9:00 a.m. on April 26, 2007. The telephone status conference will be initiated by the complainant.

IT IS SO ORDERED.
