Subject: JCAR questions in 611

207-2/207-11 SDWA
PC

RECEIVED
CLERK'S OFFICE
JUN 2 2007

STATE OF ILLINOIS
Pollution Control Board

1. TofC - strange underscoring in your version of Subpart Z.
2. 101 - "Sanitary survey" last 2 lines - PCB had "the distributing safe drinking water"; JCAR added "the distributing of safe drinking water". Should it be "the distribution of distributing safe drinking water"?
3. 102.USEPA Method 1600 - "membrane-Enterococcus" or "Membrane-Enterococcus"?
4. 102 USEPA Method 515.4, revision 1.0 has "Liquid-Liquid" USEPA Method 552.3, Revision 1.0 has "liquidliquid"; Sec. 381(b)(1)(A)(ii) has "liquid/liquid".
5. 381(b)(2)(C)&(D); 922(a)(2)(B) - check restructuring.
6. 381(d)(6) - does not exist in our database nor in your website ("Statutes, Legislation, and Regulations").
7. 802(a)(4)(A) - in a number of places in this rulemaking, JCAR believes PCB may have used the CFR section number when it should have used the 611 Section number, e.g., this one. I may not be able to catch them all and would suggest you do a word search to make sure the number used is the correct one. If JCAR is incorrect, PCB should make it clear that it is the CFR you're referencing.
802(a)(4)(B)(i), 802(c)(2)(A) Board Note, 911(a)&(b), 1018(b)
8. 803(b)(3)(A)(i) - use "serves a population of more that 3,300 people" rather than "serving greater than 3,300 people"?
9. 973(a)(1),(2),(3) - why use "may"?
10. 1000(c)(1) - "GWUDI" is not a defined term.
11. 1015(b)(2) and (b)(2)(A) - "Pre filtration" and "presedimentation". Inconsistent.
12. 1019(c)&(d) - "direct influent" or "direct influence"?
13. 1021(f)(5)(B) - "daily max" or "daily maximum"?

14. Tables H&I - what does "(mg●min/l)" mean?
