Re: Support for Docket R07-8 - Proposed Amendments to 35 Ill. Adm Code 811 – Standards for New Solid Waste Landfills.

Dear Sir or Madame:

Veolia ES Sumner Landfill, Inc. (VES) currently owns and operates a landfill in Illinois. This letter has been prepared in support of the changes developed by the Illinois Chapter of the NSWMA with concurrence of the IEPA and currently published for review by the Illinois Pollution Control Board in the Illinois Register. The proposed changes remain protective of human health while continuing to provide an effective means of determining if a landfill or landfill operations have affected the environment.

We support the proposed changes and request that these proposed Code changes be adopted.

Sincerely,

Veolia ES Sumner Landfill, Inc.
