PURPOSE OF CALL: Procedural -- Scheduling hearings and associated filing deadlines.

HEARING OFFICER: Timothy J. Fox

**HEARING OFFICER ORDER**

On December 20, 2007, the Agency filed a motion to proceed with an amended proposal (Mot.). The motion requested "that a conference call be held with the interested parties and the Hearing Officer to determine convenient hearing dates for R07-19." Mot. at 4. On January 3, 2008, the Illinois Environmental Regulatory Group (IERG) filed a response to the Agency's motion (IERG Resp.). IERG agreed with the request to hold a conference call to determine hearing dates, pre-filing of testimony, and other similar deadlines, and seeks to participate in that call. IERG Resp. at 1-2. In an order dated January 10, 2008, the Board granted the Agency's motion to proceed with the amended proposal and directed the assigned hearing officer to proceed to hearing.

Accordingly, a participants' conference call is scheduled to take place on Thursday, February 14, 2008 at 9 AM. The hearing officer will conduct the status conference, the purpose of which is limited to having the Agency, as proponent, and other participants report on their availability for hearing and to schedule hearings and associated deadlines in this proceeding. Specifically, participants should prepare for the conference call by determining dates between March 17, 2008, and June 27, 2008 on which they will *not* be available for hearing. Only questions and comments related to the procedural purpose of this conference call will be

allowed. This status conference will not be used to discuss the merits of the Agency's amended proposal or to receive evidence on that amended proposal.

Anyone may participate in the conference call either by speaking or by merely listening. The dial-in number for the conference call is 1-800-559-0842. After dialing in, you will be asked to enter the passcode for this conference call, which is 6247315, followed by the # sign.

Six phone lines are now reserved for the February 14, 2008 participants' conference call. To ensure that there are lines available for every participant wishing to participate, **please contact the hearing officer through the contact information listed below by 4:30 PM Monday, February 11, 2008 if you would like to participate in the participants' conference call.** Additional lines may be added as needed.

IT IS SO ORDERED.
