This Administrative Citation is issued pursuant to authority vested in the Illinois Environmental Protection Agency by 415 ILCS 5/1 *et. seq.* (1996), specifically 415 ILCS 5/31.1.

**FACTS**

Complainant, County of DuPage, is a unit of local government to which the Illinois Environmental Protection Agency has delegated authority to issue administrative citations pursuant to Section 4(r) of the Illinois Environmental Protection Act, ("Act"), 415 ILCS 5/4(r) (2007). DuPage County is thus a "delegated unit" and may issue administrative citations under 35 Ill. Adm. Code 108.200.

2. The Respondent, Jamal Abro, is the present occupant and in control and possession of the property at 3N509 Oak Road; West Chicago, located in the County of DuPage, State of Illinois.

6. Based upon direct observations made by Ms. Hinz during the course of her inspection, DuPage County has determined that Respondent violated the Act as follows:

a. Respondent caused or allowed the open dumping of waste in a manner resulting in litter, in violation of Section 21(p)(1) of the Act, 415 ILCS 5/21(p)(1) (2007).

Location: Abro fka Kleist Property

Time: 11:29 -- 11:34 a.m.

Weather Conditions: 78 degrees Fahrenheit. Mostly cloudy. Winds WSW at 2 mph. 84% humidity. Conditions obtained from The Weather Channel electronic mail.

**Estimated Amount of Waste: 3 cubic yards**

General Remarks

*Pre-Inspection Note: Violation Notice L-2005-DP1045 was issued as a result of an inspection conducted on October 13, 2005. The Violation Notice alleged open dumping violations for the stained soil and landscape waste observed open dumped on the property. Subsequently, the property changed ownership.*

*Violation Notice L-2007-DP1056 was issued for open dumping violations observed on October 27, 2006. The Notice was received by Mr. Abro (new owner) on February 5<sup>th</sup>. Mr. Abro called and said that he was working with the neighbor to comply. He said that he would clean it within 45 days to avoid submitting a CCA.*

I conducted this inspection to determine the status of the site. I found that the trailer filled with waste tires was no longer on the property. Due to vegetation, I was unable to definitively verify that the wood chips had been removed but the area appeared to have been cleaned. The pieces of tree trunks were no longer on the site.

There was a burn pile on the northern side of the property east of the garage. It contained aerosol cans, metal, paper and other municipal solid waste.

On the northern side of the garage, I observed an open container filled with what appeared to be motor oil. The ground in the area was stained. There were several gasoline cans as well.

I then exited the site.
