ILLINOIS ENVIRONMENTAL)	Combustion Waste)
PROTECTION AGENCY,)	(90-Day Extension)
)	
Respondent.)	

ORDER OF THE BOARD (by G.T. Girard):

On April 3, 2008, the parties timely filed a request to extend the 35-day period within which Ameren Energy Generating Company (Ameren) may appeal a February 29, 2008 beneficial use determination of the Illinois Environmental Protection Agency (Agency). *See* 415 ILCS 5/3.135, 40(a)(1) (2006); 35 Ill. Adm. Code 105.206. The Agency's determination concerns coal combustion by-product (CCB) produced from the combustion of coal used in generating electricity at Ameren's Meredosia Power Station in Morgan County. The Agency granted a beneficial use determination, subject to conditions, for CCB to be used as structural fill in the construction of three roads at the facility.

The Board extends the appeal period until July 6, 2008, as the parties request. *See* 415 ILCS 5/3.135, 40(a)(1) (2006); 35 Ill. Adm. Code 105.206. If Ameren fails to file an appeal by that date, the Board will dismiss this case and close the docket.

IT IS SO ORDERED.

I, John Therriault, Assistant Clerk of the Illinois Pollution Control Board, certify that the Board adopted the above order on April 17, 2008, by a vote of 4-0.

John Therriault, Assistant Clerk
Illinois Pollution Control Board
