HEARING OFFICER ORDER

On June 26, 2008, all parties appeared at a telephonic status conference with the hearing officer. The complainant represented that progress is being achieved in its attempt to narrow the issues, but that the “55th sewer issue” remains a concern and is attempting to schedule a meeting with a third-party to discuss further. The attorney for the Village of Hinsdale represented that it is proceeding on track to forward a draft of a wet weather construction permit to the Illinois Environmental Protection Agency for its review. Complainant continues to review all data forwarded to it from the respective respondents. Both the complainant and respondent DuPage County may seek to add another party to the above-captioned proceedings. Settlement negotiations continue with respondent Metropolitan Water Reclamation District of Greater Chicago, Illinois, with a meeting scheduled for the middle of July 2008. It was agreed that the telephonic status conference be continued to the date and time noted below.

The parties or their legal representatives are directed to participate in a telephonic status conference with the hearing officer on September 11, 2008, at 10:30 a.m. The telephonic status conference must be initiated by the complainant, but each party is nonetheless responsible for its own appearance. The complainant represented that it will notify the parties and the hearing officer of a call-in number prior to the next telephonic status conference. At the status conference, the parties must be prepared to discuss the status of the above-captioned matter and their readiness for hearing.

IT IS SO ORDERED.
