Attn: John Therriault, Clerk

I am responding to your notification of November 20, 2008 to file an amended petition to contest the administrative citation. Area B was cleaned up before the September 15, 2008 deadline stated in your letter dated June 13, 2008. I would also like to address the remarks on your inspection report by your inspector that this area "appeared to have waste brought to the site from elsewhere". I am just a farm owner. I am not operating a dump site and I am unable to understand how the inspector made this conclusion. There has never been any trash brought to this area other than my own personal belongings. Also, it was my understanding from this letter that if the areas in question were cleaned up that I would not receive any fine.

Regarding Area A, I could not get anyone to clean it up any sooner than the dates that I stated in the previous letter that I sent to you. There has been no trash put in the areas for more than a year. Other than not being able to get Area A done by your September 15, 2008 date, I have done everything you have requested. I am also sending copies of the receipts from where the trash was disposed of and pictures showing before and after this site was cleaned & filled.

If you require further information regarding this matter, please contact us at (618)827-4442.

Sincerely,

Bradley Corzine & Carol Corzine
