ORDER OF THE BOARD (by C.A. Manning):

On September 21, 1999, the Illinois Environmental Protection Agency (Agency) filed a request for a provisional variance and notification of recommendation. The Agency recommends that the Board grant a 45-day provisional variance. The provisional variance would allow this Madison County petitioner to complete structural repairs to the combined overflow treatment system (COT) at its wastewater treatment plant. In making its recommendation, the Agency states that failure to grant the requested provisional variance for 45 days will result in an arbitrary or unreasonable hardship on the petitioner.

The Board grants the petitioner a provisional variance extension from the effluent limits set forth in 35 Ill. Adm. Code 304.121(a), 304.125(a), and 304.141(a) and National Pollutant Discharge Elimination System (NPDES) Permit No. IL0033481. The Board is required, in a provisional variance, to adopt a formal order, assure formal maintenance of the record, assure the enforceability of the variance, and provide notification of the action by press release. Pursuant to Section 35(b) of the Environmental Protection Act (Act) (415 ILCS 5/35(b) (1998)), the Board must issue the provisional variance within two days of the filing.

The provisional variance is granted, subject to the following conditions:

1. The variance shall begin October 3, 1999, if an intense storm occurs during the construction on the COT that would require flows to be bypassed through the 84" and 108" river gates, and continue for 45 days from the date of such an overflow event.
2. Petitioner shall operate the facility in such a manner so as to produce the best effluent practicable.
3. Petitioner shall notify Barb Conner of the Agency by telephone at 217/782-9720 if bypassing of the COT flows is required and when repairs on the wastewater treatment facility are completed. Written confirmation of each notice shall be sent within five days to the following address:

Illinois Environmental Protection Agency
Bureau of Water, Compliance Assurance Section
Attention: Barb Conner
1021 North Grand Avenue East
P.O. Box 19276
Springfield, Illinois 62794-9276

4. Petitioner shall sign a certificate of acceptance of this provisional variance and forward that certificate to Barb Conner at the address indicated above within ten days of the date of this order. The certification should take the following form:
