 ) Respondent. )

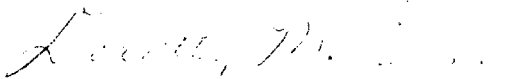

ORDER OF THE BOARD (by J. Marlin):

On April 20, 1990 General Electric Company filed a petition for review of a denial of closure plan and imposition of additional conditions by Illinois Environmental Protection Agency. The Board accepts the petition as timely filed; however, the Board notes that the petition contains several deficiencies. The Board orders General Electric to file an amended petition which conforms with the Board's procedural rules at 35 Ill. Adm. Code 105. The Board will set this matter for hearing after an amended petition has been filed. The Board notes that for purposes of calculation of a decision deadline pursuant to Section 40 of the Act, the filing of an amended petition will restart the calculation of the decision deadline.

If an amended petition which conforms with the Board's procedural rules is not filed within 35 days, this petition is subject to dismissal.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 26 day of April, 1990, by a vote of 7-0.
