IN THE MATTER OF )  
PROPOSED AMENDMENT OF THE )  
NOISE REGULATIONS, RULES ) R 76-19  
101, 205, 206 and 209 )

ORDER OF THE BOARD (by Mr. Goodman):

On August 23, 1976, the Environmental Protection Agency (Agency) submitted Proposed Amendments to Rules 101, 205, 206 and 209 of the Noise Regulations. This proposal was submitted in conjunction with a pending forging noise proposal, R76-14. However, the Agency's proposal includes a total elimination of Rule 205, Sound Emitted to Class C land, and eliminates the provisions in Rule 206 relating to impulsive sound emitted to Class C land. Such a proposal addresses all sound emitted to Class C land, not merely sound caused by impact forging operations. Because the scope of the Agency's proposal is broader than the scope of the original proposal in R76-14, the Board will assign the Agency's proposal a separate docket number and will consolidate it for purposes of hearing with R76-14.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 14<sup>th</sup> day of October, 1976 by a vote of 5-0.

  
Christan L. Moffett, Clerk
