ORDER OF THE BOARD (by J.D. Dumelle):

On April 23, 1981 the United States Postal Service wrote a letter to the Board requesting an extension of 6 months from the July 1, 1981 compliance date for installation of vapor recovery systems on fuel tanks of greater than 2000 gallon capacity. The Board construes this as a petition for variance, but also finds that petition to be wholly inadequate under the Board's Procedural Rules.

This action is hereby dismissed although leave is granted to refile properly.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 1st day of May, 1981 by a vote of 4-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
