ORDER OF THE BOARD (by J. Anderson):

The Board notes its receipt of a letter dated February 26, 1981 written in response to the Board's Order of February 19, 1981. The Board construes this letter as a motion for clarification and for extension of time, both of which are hereby granted.

Petitioner states that its "most recent action" towards achieving compliance was construction of the acoustical enclosure for its test cell. If, as stated, there were previous compliance efforts made, it would be advisable to describe when and how such efforts were made and at what cost. If an amended petition correcting the deficiencies noted in the Board's previous Order is not filed within 45 days of the date of this Order, this petition will be subject to dismissal.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 5th day of March, 1981 by a vote of 5-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
