

ILLINOIS POLLUTION CONTROL BOARD  
December 20, 1990

IN THE MATTER OF: )  
 )  
SOLID WASTE RULES FOR THE ) R90-26  
ILLINOIS FOUNDRY AND STEEL ) (Rulemaking)  
INDUSTRIES )

ORDER OF THE BOARD (by J. Anderson):

On December 3, 1990, the Illinois Steel Group ("Steel Group") and the Illinois Cast Metals Association ("ICMA") filed a proposal for rulemaking which seeks to amend the development, operating, and reporting requirements for non-hazardous waste landfills. While the proposal satisfies many of the informational and content requirements of 35 Ill. Adm. Code 102.121, it is deficient in that:

- 1) The petition does not contain a listing of the universe of affected sources and facilities, or any information on the economic impact of the proposed rule, as required by Section 102.121(c). Moreover, the petition does not address the questions contained in the Analysis of Economic and Budgetary Effects questionnaire, as required by Section 102.121(c). The Board is usually required to submit this information to the Joint Committee on Administrative Rules, whether one or many sources are affected by a rulemaking.
- 2) The petition does not contain a proof of service upon the Department of Energy and Natural Resources, as required by Section 102.121(g).

This petition will not be accepted for hearing within the meaning of Section 28 of the Act until the above deficiencies are cured. If the Steel Group and the ICMA fail to file supplemental materials curing the above-noted deficiencies on or before February 4, 1991, this petition will be subject to dismissal. As a final note, the Steel Group and the ICMA filed a motion for waiver of the 200 signature requirement of 35 Ill. Adm. Code 102.121(h)). We hereby grant the motion.

IT IS SO ORDERED.

Board Member J. Dumelle concurred.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certifies that the above Order was adopted on the 204 day of December, 1990, by a vote of 7-0.

  
Dorothy M. Gunn, Clerk  
Illinois Pollution Control Board
