 Respondent.)

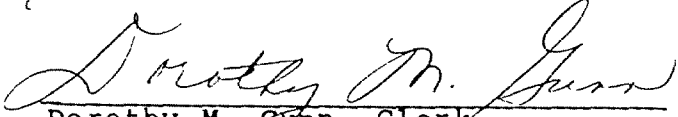

ORDER OF THE BOARD (by R. C. Flemal):

On February 15, 1989, Fansteel/Escast, Inc. ("Fansteel") filed a Petition for Review of the Illinois Environmental Protection Agency's ("Agency") denial of authorization under Section 39(h) of the Environmental Protection Act ("Act") for Fansteel to dispose of its sodium hydroxide wastestream at Browning-Ferris Industries' disposal site. In addition to the Petition, Fansteel filed a motion for stay pursuant to Section 16(b) of the Administrative Procedure Act ("APA"). On March 9, 1989 the Agency filed its response in opposition to Fansteel's motion for stay.

The Board requires further information in order for it to determine whether Fansteel's activity falls within the Section 16(b) stay provision. Specifically, Fansteel shall provide the Board with a copy of its prior permit and inform the Board whether the waste has been previously disposed of pursuant to the terms and conditions of the permit. Filings are due on or before March 20, 1989.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 9th day of March, 1989 by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
