Ms. Webb

I was looking at the COOL site and there is some error since on 5/27/2008 there is an entry for

**Interrogatories/Answers** for EOR which was never received here in Denver.

Also I would like to know what the status of the action is. There is to be a telephone conference on Jan 20 2009. Neither AET nor EOR have at this time an attorney in Illinois and have not been included in any of the conferences to date.

Mr. Oneill withdrew and we have not been able to hire another, therefore what should we do?

Originally the AG's office wanted to settle and we went through the process of officially having Mr. Oneill file paper work for AET and EOR so that the action that was filed in haste (error) with your office by the AG could be dealt with. However for no apparent reason the AG's office, through Mr. Mankowski, changed their settlement position and our attorney resigned due to what he referred to as "shenanigans, and extortive actions".

We fully believe that there is no basis for any action as detailed in my previous correspondence. Additionally handling of the action by the AG's office has so prejudiced the case that we cannot hire an attorney.

Please let me know if there is something we can do to mitigate this action.

Arthur Clark
