

ILLINOIS POLLUTION CONTROL BOARD
October 19, 1995

THE PETITION OF)
NATIONAL METALWARES, INC.)
FOR AN ADJUSTED STANDARD) AS 95-6
FROM 35 ILL. ADM. CODE) (Adjusted Standard-Air)
218.204(G))

ORDER OF THE BOARD (by J. Yi):

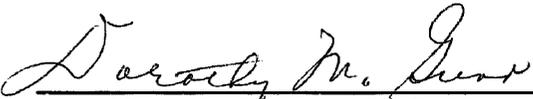

On May 30, 1995, National Metalwares, Inc. (National) filed a petition for adjusted standard from 35 Ill. Adm. Code 218.204(g). The Board set this matter for hearing on July 20, 1995. On September 21, 1995 the Board granted the Illinois Environmental Protection Agency (Agency) an extension of time to file its recommendation in this matter until October 16, 1995.

On October 16, 1995 the Agency filed another motion for an extension of time to file its recommendation until November 6, 1995. In the motion the Agency states that it had requested further information from National which it received on October 12, 1995. The Agency is requesting the extension of time in order to review the new information prior to submitting its recommendation and states that it believes that extending the time for the recommendation would not prejudice National.

The hearing in this matter is set for November 15, 1995. As of the date of this order National has not filed a response to this motion. While we recognize that National will only have 9 days to review the recommendation prior to the scheduled hearing if we grant the Agency's motion, there is no decision deadline in this matter and the scheduled hearing may be continued if necessary. For these reasons we grant the Agency's motion for an extension of time to file its response until November 6, 1995.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board hereby certify that the above order was adopted on the 19~~9~~ day of October, 1995, by a vote of 7-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
