ORDER OF THE BOARD (by Mr. Goodman):

On November 22, 1976, the Environmental Protection Agency submitted a Request for Order requesting the Board to direct the Hearing Officer in the instant matter to require written answers to certain interrogatories. The Board finds that answers to these interrogatories are necessary in order for the Board to make an informed decision on the proposal. Pursuant to Procedural Rule 206(a) (7), the Board directs the Hearing Officer in this matter to require proponents of R 75-8 to answer the interrogatories submitted by the Agency on November 22, 1976. Answers to these interrogatories shall be served upon the Board as well as upon the Environmental Protection Agency by January 14, 1977.

The Motion submitted by Petitioners on November 24, 1976, requesting that the Agency be required to produce its Area Source Inventory for Air Quality Maintenance Analysis Study, if Petitioners are required to answer interrogatories, is denied.

I, Christian L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 6th day of January, 1977 by a vote of 4-0.
