)
 v.) PCB 80-161
)
 ILLINOIS ENVIRONMENTAL)
 PROTECTION AGENCY,)
)
 Respondent.)

INTERIM ORDER OF THE BOARD (by J.D. Dumelle):

The City of Cairo filed a letter on September 5, 1980 which the Board construes as a Petition for Variance Extension. As such, it must be amended to conform with the requirements of Procedural Rule 401(a). The present Petition is deficient in the following respects:

1. The precise extent of the relief sought, including the particular provisions of the regulations from which variance is sought and the length of time for which variance is requested (401(a)(1)).
2. Data describing the present failure to meet standards (401(a)(5)); and
3. A schedule for completion of the control program (401(a)(6)).

The Board notes that some, or all, of these deficiencies may be cured by an incorporation of the record in the earlier variance proceeding (PCB 77-256). If that is done, however, a statement of the continuing validity of the allegations in that proceeding and any changes therein must accompany the petition and be sworn to.

If, within 45 days of the date of this Order, the City does not file an amended Petition containing the above information, this Petition may be subject to dismissal.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Interim Order was adopted on the 18th day of September, 1980 by a vote of 5-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
