ORDER OF THE BOARD (by Mr. Goodman):

On February 14, 1979, the Environmental Protection Agency (Agency) filed a Motion for Specification of Errors requesting the Board to order General Motors Corp. (GM) to specify the errors upon which it relies. In the alternative, the Agency requests that the Board deny a hearing herein and decide this matter solely on the Agency's record. GM filed a Motion to Deny Specification of Errors on February 23, 1979.

The Board finds that GM has in sufficient detail specified the errors on which it relies. In addition, the Board finds that, pursuant to the Environmental Protection Act and the Procedural Rules, Petitioner is entitled to a hearing on its Petition. The Motion for Specification of Errors is hereby denied.

Having denied the Agency's motion, the Board finds that GM's Motion to Deny, filed February 23, 1979, is moot. The Motion to Deny is dismissed.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 1st day of March, 1979 by a vote of 4-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
