

ILLINOIS POLLUTION CONTROL BOARD
May 14, 1981

IN THE MATTER OF:)
)
REVIEW OF EXISTING REGULATIONS:)
RULE 602 of CHAPTER 3:) R81-17
WATER POLLUTION: COMBINED SEWER)
OVERFLOWS)

ORDER OF THE BOARD (by J.D. Dumelle):

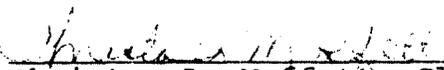

On April 17, 1981 the Illinois Institute of Natural Resources (INR) submitted to the Board its first economic assessment of an existing rule. This study evaluates the economic impact of Rule 602 of Chapter 3: Water Pollution, which regulates combined sewer overflows.

The INR is required to study all rules which were in existence at the time economic impact studies were first required as part of the regulatory process [Ill. Rev. Stat. Ch. 96½, §7404(a)]. Upon such a study becoming available to the public and being filed with the Board, the Board is required to conduct hearings throughout the state within 120 days [Ill. Rev. Stat. Ch. 96½, §7404(b)]. These hearings will be in the nature of "inquiry" hearings to aid the Board in determining whether Rule 602 should be modified or eliminated.

In order to insure conformity with the statutory mandate, hearings upon this study are hereby authorized and shall be set no earlier than 30 days after multiple copies become available to the public and no later than August 15, 1981.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 14th day of May, 1981 by a vote of .

Christan L. Moffett, Clerk
Illinois Pollution Control Board
