ORDER OF THE BOARD (by Mr. Werner):

On August 6, 1979, Mr. Andrew A. Rathsack, P.E., sent the Board a letter indicating that Mr. Arthur Light had retained his engineering firm (Environmental Engineering, Inc.) to assist Mr. Light in obtaining an Operating Permit for a landfill near Pottstown, Illinois.

In his letter, Mr. Rathsack stated that, although they are actively working toward getting an Operating Permit, it will be impossible for them to do so in the 120 day time period allotted in the Board's Order of April 12, 1979. Therefore, the letter requested a time extension of 90 days to obtain the requisite Operating Permit from the Illinois Environmental Protection Agency ("Agency").

The Board hereby construes this letter as a Petition for a Variance from a Board Order and hereby docket this variance as case number PCB 79-172 and sets it for Agency recommendation.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 23<sup>RD</sup> day of August, 1979 by a vote of 5-0.
