ORDER OF THE BOARD (by J. Anderson):

On August 15, 1986, Waste Management of Illinois, Inc. (WMI) filed a proposal to amend existing Parts 807 and 809. The Board on its own motion waives the 200 signature requirement of 35 Ill. Adm. Code 102.121. Consistent with the Board's Order of April 18, 1985 stating that proposal alternative to the Agency's May 31, 1984 (Docket A) proposal and the Illinois State Chamber of Commerce (Docket B) proposal "would proceed as sequential subdockets", the WMI proposal will be known as R84-17, Docket C. Given "the cumulative nature of this proceeding" and again consistent with the April 18, 1985 Order, the records in Docket A and B are incorporated into that of Docket C, and the three dockets are consolidated.

In accepting this proposal, the Board wishes to note that it anticipates that WMI will present supporting testimony expeditiously, as the Board has placed a high priority on this and other waste-related dockets. Finally, the Board expresses its appreciation for WMI's voluntary service of this proposal to persons on the notice list on the date of filing.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above Order was adopted on the 28th day of August, 1986 by a vote of 6-0.

Dorothy M. Gunn, Clerk
Illinois Pollution Control Board
