STATE OF ILLINOIS
Pollution Control Board

PC# 81

BEFORE THE ILLINOIS POLLUTION CONTROL BOARD

IN THE MATTER OF:)	
PROPOSED AMENDMENTS TO THE)	
BOARD'S SPECIAL WASTE REGULATIONS)	R06-20
CONCERNING USED OIL)	(Rulemaking – Land)
35 ILL. ADM. CODE 739, 808, 809)	

United Contractors Midwest, Inc. commends the Board for its carefully considered proposal to improve used oil regulations in the State of Illinois. Eliminating the requirement for unnecessary and duplicative manifests will reduce paperwork and costs. This is especially important for small businesses. Under the Board's proposed amendments the tracking of used oil shipments will continue – but will be much more efficient and cost-effective.

The proposed amendments will help level the playing field by reducing the burden on businesses in Illinois. These burdens are not imposed on businesses in other states.

United Contractors Midwest, Inc. urges the Board to adopt its proposed amendments without any changes.

Sincerely,

James P. Bruner
James P. Bruner
President

RE:)
PROPOSED AMENDMENTS TO THE)
BOARD'S SPECIAL WASTE REGULATIONS) **R06-20**
CONCERNING USED OIL) **(Rulemaking - Land)**
35 ILL. ADM. CODE 739, 808, 809)

COMMENTS OF The Illinois Asphalt Pavement Association

IAPA commends the Board for its carefully considered proposal to improve used oil regulations in the State of Illinois. Eliminating the requirement for unnecessary and duplicative manifests will reduce paperwork and costs. This is especially important for small businesses. Under the Board's proposed amendments the tracking of used oil shipments will continue - but will be much more efficient and cost-effective.

The proposed amendments will help level the playing field by reducing the burden on businesses in Illinois. These burdens are not imposed on businesses in other states.

IAPA urges the Board to adopt its proposed amendments without any changes.

September 28, 2009

Before the Illinois Pollution Control Board

In the matter of:

Proposed amendments to the board's special waste regulations concerning
used oil

35 Ill.adm.code739, 808, 809

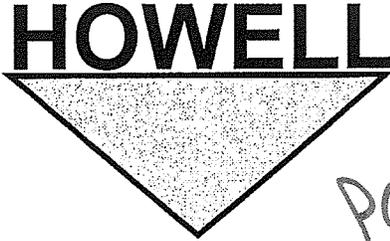

To Whom It May Concern:

Crystal Flash Energy is a used oil collector in the State Of Michigan. I would like to commend the Board for its consideration of improving used oil regulations in the State of Illinois. I understand the original direction of the rulemaking was going to add cost, effort and energy to a system that seems to be adequate for the tracking and regulation of used oil within your State. Anytime that you can streamline a system or lessen the paperwork burden of a small business it is appreciated. In today's tough economic time, it would not be appropriate to add additional burdens to the used oil collectors of your State.

The proposed amendments will help level the playing field by reducing costs. Crystal Flash Energy recommends that the Board adopt the proposed amendments as written.

Thank you for your consideration.
