ORDER OF THE BOARD (by Mr. Dumelle):

On November 3, 1978 Petitioners requested a variance from Rule 203(d)(9)(iv)(C) of the Board's Air Pollution Control Regulations.

The Petition is improper because it requests relief for a statewide class of sources. This sort of relief should be addressed in a Petition which conforms with Title VII of the Act and Part II of the Board's Procedural Rules.

As a variance request the Petition is inadequate in the following respects. First, it fails to disclose the quantity of the materials discharged as required by Procedural Rule 401(a)(4). Second, it fails to include the estimated costs involved to achieve compliance as required by Procedural Rule 401(a)(6). Third, it does not provide an adequate assessment of the environmental impact of the requested relief as required by Procedural Rule 401(a)(7).

Consequently, the Petition is hereby dismissed.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 16th day of November, 1978 by a vote of 3-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
