 Respondent.)

INTERIM ORDER OF THE BOARD (by Mr. Goodman):

This matter comes before the Pollution Control Board (Board) upon the April 2, 1976, Petition of Lindberg Corporation (Lindberg) for variance from the particulate regulations for its Melrose Park salt heating operation. The Board finds the petition to be inadequate in that Petitioner fails to state: 1) the specific regulations from which variance is sought; 2) an estimate of the quantity of contaminants discharged; 3) whether the ambient air quality of the area affected by the variance meets the national ambient air quality standards; 4) if the ambient air quality does not meet those standards, whether the granting of the variance would contribute to the area's failure to meet said standards; and 5) if the ambient air quality does meet said standards, whether the variance would cause the ambient air quality to fail to meet said standards.

It is the Order of the Board that Petitioner shall amend its petition within 45 days of this Order to provide the above described information. Failure to timely file the amended petition shall cause the petition to be dismissed for inadequacy without prujudice. The 90-day decision period set by Statute shall run from the date of filing the amended petition.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Interim Order was adopted on the 8th day of April, 1976 by a vote of 5-0.

Christan L. Moffett
Christan L. Moffett, Clerk
Illinois Pollution Control Board
