ILLINOIS POLLUTION CONTROL BOARD
June 12, 2007

ORIGINAL

The briefing schedule is as follows. The complainant's post-hearing brief is due to be filed on or before June 22, 2007. The respondent's post-hearing brief in response is due to be filed on or before July 10, 2007. Complainant's reply brief, if any, is due to be filed on or before July 18, 2007. Public comment is due to be filed on or before June 15, 2007.

IT IS SO ORDERED.

A handwritten signature in black ink, reading "Bradley P. Halloran", is written over a horizontal line.

Informational Notes

1. [Illinois] Environmental Protection Act: 415 ILCS 5/4.
2. Illinois Pollution Control Board: 35 Ill. Adm. Code, Subtitle G.
3. Statutory and regulatory references herein are provided for convenience only and should not be construed as legal conclusions of the Agency or as limiting the Agency's statutory or regulatory powers. Requirements of some statutes and regulations cited are in summary format. Full text of requirements can be found in references listed in 1. and 2. above.
4. The provisions of subsection (p) of Section 21 of the [Illinois] Environmental Protection Act shall be enforceable either by administrative citation under Section 31.1 of the Act or by complaint under Section 31 of the Act.
5. This inspection was conducted in accordance with Sections 4(c) and 4(d) of the [Illinois] Environmental Protection Act: 415 ILCS 5/4(c) and (d).
6. Items marked with an "NE" were not evaluated at the time of this inspection.

- 9 (a) Caused and allowed air pollution from the open burning of waste tires and wood debris.
- 9 (c) Caused and allowed the open burning of waste.
- 21 (a) Caused and allowed the open dumping of waste.
- 21 (d) (1) Conduct any waste- storage, waste-treatment, or a waste-disposal operation without a permit.
- 21 (d) (2) Conduct any waste-storage, waste-treatment, or waste-disposal operation in violation of any regulations or Standards Adopted by the Board.
- 21 (e) Causing or allowing the disposal, treatment, storage or abandonment of any waste or transport any waste into this State for disposal, treatment, storage or abandonment except at a site or facility, which meets the requirements of the Illinois Environmental Protection Act.
- 21 (p) (1) Causing, or allowing the open dumping of any waste in a manner, which results in litter at the dump site
- 21 (p) (2) Caused and allowed scavenging of materials.
- 21 (p) (3) Cause or allow the open burning of waste.
- 21 (p) (4) Caused and allowed the deposition of waste in standing water.
- 21(p) (7) Deposition of General Construction or Demolition Debris: or Clean Construction or Demolition Debris
- 55 (a) (1) Causing or allowing the open dumping of any used or waste tire.
- 812.101 (a) Failure to submit an application for a permit to develop and operate a landfill that is required from the Agency under Section 21(d) of the Environmental Protection Act (Act) (Ill. Rev. Stat. 1989. Ch.111 ½. par. 1021(d)).
- 809.302 (a) Accepted special waste from a waste hauler without a permit and / or manifest.

MUNICIPAL VIOLATIONS:

7-28-440 - DUMPING ON REAL ESTATE WITHOUT A PERMIT	CAUSED and allowed the open dumping of debris on a vacant lot without obtaining the required permit.
7-28-450 - OWNER RESPONSIBLE FOR REMOVAL/NUISANCE	Owner responsible for the removal or cause to be removed any debris placed on an unimproved lot.
11-4-1500 - TREATMENT AND DISPOSAL OF SOLID OR LIQUID WASTE	CAUSED and allowed the improper disposal of construction debris and Municipal solid waste at an unpermitted facility.
11-4-250 - WASTE HANDLING FACILITIES/ REQUIRED PERMIT	CAUSED and operated a waste disposal facility without first obtaining the required permit.
7-28-080 - NUISANCE IN CONNECTION WITH BUSINESS	CAUSED and allowed a public nuisance from dumping waste debris on a storage lot adjacent to residential homes.
7-28-720 Accumulation of Junk or Materials.	Respondent caused and allowed an accumulation waste on the ground.
11-4-1040 - PROHIBITED WASTE	Caused and allowed the dumping of grease and oil into the sewer causing flow restrictions.
7-28-060 - CONDITIONS DETRIMENTAL TO HEALTH	CAUSED and allowed conditions detrimental from the improper disposal / storage of A.C.M.
7-28-750 - Noncombustible screen fence required	Owner is required to maintain and secure vacant lot.
11-4-640 - PUBLIC NUISANCE ABATEMENT	Respondent caused a public nuisance from the particulate emission becoming windborne from the salt unloading operations.

NARRATIVE EVALUATION

INSPECTION DATE: 3/22/2006

SITE NAME: Speedy Gonzalez Inc.

SITE CODE: 0316485103

SITE ADDRESS: 1601 E 130TH ST

TIME: AM 10:00

EMPLOYEE: Chris Antonopoulos

COUNTY: Cook / Chicago

SUMMARY

As I was Driving East on 130th St. heading to a meeting with City of Chicago Department of Revenue at a site on 136th and Hoxie, it was observed that there was some bluish and black smoke deriving from the property address of 1601 E. 130th St. I then along with Johnna Potthoff- legal counsel for DOE and Charles King- Attorney for the City of Chicago Law Department and Edward Collins-Inspector for DOE, proceeded to investigate the smoke and upon driving into the open gate it was observed that there were trucks from E.King Hauling in the process of receiving loads of what looked to be C& D debris. I then assessed the remainder of the site and observed broken concrete, scrap metal, compost material, property belonging to the City of Chicago (signs), railroad ties, two piles of wood, one in the rear (which was burning) and one in the front near the entrance that was in the process of segregation by an unknown person that looked to be an employee, port-a-johns with the advertisement of OUI!OUI! Incorporated and a water tanker with the name Speedy Gonzalez Inc. spray painted on the side.

I then with the help of Inspector Collins proceeded to interview the heavy equipment operator (Front End Loader) about the generation point of the material and destination. The operator of the loader than stated that he had a manifest from the IEPA and that they were working for the City of Chicago and CTA. I then corrected the individual and stated that he is not working for the City of Chicago and that the manifest states a different address and that the generator was in fact CTA signed by Chuck Webber with no date. I then talked to Supervisor-Stanley Kaehler of DOE via Nextel and gave all information on the ongoing investigation. Supervisor Kaehler then stated that he would send another inspector to assist at the site, along with the Director of Inspections- John Kryl.

After contacting supervisor Kaehler, I proceeded to speak with the driver of the E. King truck and stated that he is not to remove the material from the site until further notice. The Driver and heavy equipment operator, than stated he would continue his work until the gentleman in the white pick up truck told them not to do so. I then spoke to the driver of the white Truck who was identified as the owner of Speedy Gonzalez Inc. and he stated that we were on private property and that we had no right to be on his property. I then asked Mr. Gonzalez to cease his illegal transfer station activities and he in turn stated the manifest in my hands were not given to me by the people on the site and he proceeded to drive off onto the other side of the property and let his employees continue the loading of the trucks and releasing the trucks with the material in question under his supervision.

After gathering all information and meeting with Chuck Webber- CTA and Paschen Construction, it was found that the CTA, Paschen, E. King and Mr. Gonzalez were under an agreement to store fuel- contaminated soil from the CTA Brownline project at the 1601 E. 130th St., until the CID Landfill resumed business on Monday. Further information also was given that the material was questionable on the generation point (Brownline) and that there would be an ongoing investigation on the behalf of the CTA.

Inspector Maciel, Ms. Pottoff, Mr. King, Mr. Kryl, and myself discussed the sites condition with Chuck Webber and a representative from Paschen Construction. Mr. Webber is a CTA's environmental consultant in charge of the brown line project and Paschen was the hired subcontractor to do the renovation. They both informed us that the CTA material that was removed from the project was to go to CID landfill. However, since the renovation work occurred over the weekend the loads would have to wait to go to the landfill until Monday. Mr. Webber also informed us that E. King was hired to do the hauling. He said that E-King was to keep all the loads in roll-offs and on site until CID opened. Neither Mr. Webber nor Paschen could conclude if the waste material came from the brown line project. The total amount of debris waste from CTA equaled 800 yards. This waste consisted of bricks, wood, scrap metal, soil, and concrete.
