ORDER OF THE BOARD (by N.J. Melas):

On November 9, 2000, the People of the State of Illinois (People) filed a three-count complaint against respondent Nestle USA, Inc. (Nestle). The complaint alleges that, on October 1, 2000, Nestle caused or allowed the discharge of approximately 200,000 gallons of pumpkin processing waste into Bull Run Creek near Morton, Tazewell County, Illinois. This activity was in alleged violation of Section 12(d) of the Environmental Protection Act (Act) (415 ILCS 5/12(d) (1998)), and the Board's regulations at 35 Ill. Adm. Code 302.203, 302.204, 302.206, and 304.106.

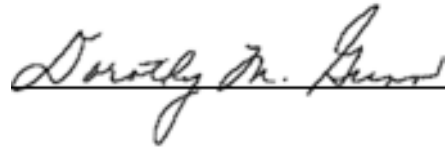

Also on April 13, 2001, the parties filed a stipulation and proposal for settlement, accompanied by a motion requesting relief from the hearing requirement of Section 31(c)(1) of the Act (415 ILCS 5/31(c)(1) (1998)). Nestle neither admits nor denies the alleged violations in the complaint but proposes to pay a \$50,000 penalty.

Pursuant to Section 31(c)(2) of the Act, the complainant may file with the Board a stipulation and proposal for settlement accompanied by a request for relief from the hearing requirement. (415 ILCS 5/31(c)(2) (1998)). Unless the Board determines that a hearing is needed, the Board is required to publish notice of the stipulation and proposal for settlement and request for relief from the hearing requirement.

Accordingly, the Board directs the Clerk of the Board to cause publication of the required newspaper notice. Any person may file a written demand for hearing within 21 days of the published notice. If a hearing is requested, the Board will deny the parties' request for relief and schedule a hearing.

IT IS SO ORDERED.

I, Dorothy M. Gunn, Clerk of the Illinois Pollution Control Board, hereby certify that the above order was adopted on the 19th day of April 2001 by a vote of 6-0.
