ORDER OF THE BOARD (by Mr. Dumelle):

Petitions for variance filed in the above-listed cases are inadequate in that they do not give the 1973 experience in actual copper levels resulting at the raw water intake.

Petitioners (City of Waverly and City of Eureka) are ordered to supply to the Board within 45 days from the date of this order the information requested in Board orders #3 and #4 in City of Waverly v. EPA (PCB 73-127); and in City of Eureka v. EPA (PCB 73-206).

The Village of New Berlin shall file the data giving actual copper concentrations in its water system after copper sulfate dosing, if available.

The 90-day decision period required by statute shall run from the date of filing of the amended petition. Failure to timely file the requested information will make the petitions liable to dismissal for inadequacy.

IT IS SO ORDERED.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 18<sup>th</sup> day of April, 1974 by a vote of 5-0.
