ORDER OF THE BOARD (by Mr. Henss):

Ford Motor Company has filed Motion to Dismiss PCB 75-142 on the ground that it is inappropriate to go forward with that enforcement proceeding while Ford is appealing from the Agency's denial of its applications for operating permit. The parties have also filed various Motions for Consolidation. The permit appeals and enforcement action do involve the same parties and the same issues. In this instance, it seems appropriate to the Board that the three actions be consolidated for hearing and that the Motion to Dismiss be decided at the conclusion of the proceedings.

Therefore, it is ordered that the three actions PCB 75-149, PCB 75-169, and PCB 75-142 be consolidated for hearing. Respondent's Motion to Dismiss in PCB 75-142 is taken with the case.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 15th day of May, 1975 by a vote of 5-0.

Christan L. Moffett, Clerk
Illinois Pollution Control Board
