MOTION FOR RELIEF FROM HEARING REQUIREMENT

NOW COMES Complainant, PEOPLE OF THE STATE OF ILLINOIS, by LISA MADIGAN, Attorney General of the State of Illinois, and pursuant to Section 31(c)(2) of the Illinois Environmental Protection Act ("Act"), 415 ILCS 5/31(c)(2) (2008), moves that the Illinois Pollution Control Board grant the parties in the above-captioned matter relief from the hearing requirement imposed by Section 31(c)(1) of the Act, 415 ILCS 5/31(c)(1) (2008). In support of this motion, Complainant states as follows:

1. On August 7, 2009, a Complaint was filed with the Illinois Pollution Control Board ("Board") in this matter.
1. The parties have reached agreement on all outstanding issues in this matter.
2. This agreement is presented to the Board in a Stipulation and Proposal for Settlement, filed contemporaneously with this motion.
3. All parties agree that a hearing on the Stipulation and Proposal for Settlement is not necessary, and respectfully request relief from such a hearing as allowed by Section 31(c)(2) of the Act, 415 ILCS 5/31(c)(2) (2008).

WHEREFORE, Complainant, PEOPLE OF THE STATE OF ILLINOIS, hereby requests that the Board grant this motion for relief from the hearing requirement set forth in Section 31(c)(1) of the Act, 415 ILCS 5/31(c)(1) (2008).

Respectfully submitted,

STIPULATION AND PROPOSAL FOR SETTLEMENT

Complainant, PEOPLE OF THE STATE OF ILLINOIS, by LISA MADIGAN, Attorney General of the State of Illinois, the Illinois Environmental Protection Agency (“Illinois EPA”), and ECO-CLEAN ENVIRONMENTAL, INC., now d/b/a ECO ENVIRONMENTAL, INC., (“Respondent”) (“Parties to the Stipulation”), have agreed to the making of this Stipulation and Proposal for Settlement (“Stipulation”) and submit it to the Illinois Pollution Control Board (“Board”) for approval. This stipulation of facts is made and agreed upon for purposes of settlement only and as a factual basis for the Board’s approval of this Stipulation and issuance of relief. None of the facts stipulated herein shall be introduced into evidence in any other proceeding regarding the violations of the Illinois Environmental Protection Act (“Act”), 415 ILCS 5/1 *et seq.* (2008), and the Board’s Regulations, alleged in the Complaint except as otherwise provided herein. It is the intent of the Parties to the Stipulation that it be a final adjudication of this matter.

I. STATEMENT OF FACTS

A. Parties

1. On August 7, 2009, a Complaint was filed on behalf of the People of the State of Illinois by Lisa Madigan, Attorney General of the State of Illinois, on her own motion and upon the request of the Illinois EPA, pursuant to Section 31 of the Act, 415 ILCS 5/31 (2008), against the Respondent.

2. The Illinois EPA is an administrative agency of the State of Illinois, created pursuant to Section 4 of the Act, 415 ILCS 5/4 (2008).

3. At all times relevant to the Complaint, Respondent was an Illinois corporation authorized to transact business in the State of Illinois and operated a facility located at 402 East Broad Street, Raymond, Montgomery County, Illinois ("site").

4. On April 15, 2008, Illinois EPA inspected the site. On that date, non-hazardous wastes that had been generated off-site, including pit and waste water sludges and used absorbents, were being stored in drums at the site.

5. On April 15, 2008, the Respondent did not have an Illinois EPA Development or Operating Permit to develop or operate a non-hazardous waste storage facility.

B. Allegations of Non-Compliance

Complainant contends that the Respondent has violated the following provisions of the Act and Board regulations:

Waste Storage and Disposal Permit Violations

By storing non-hazardous waste at the site which was allowed to be developed without a Development Permit issued by the Illinois EPA, the Respondent violated Section 807.201 of the Board's Waste Disposal Regulations, 35 Ill.

Adm. Code 807.201.

By operating a non-hazardous waste storage facility at its site without an Operating Permit issued by the Illinois EPA, the Respondent violated Section 807.202(a) of the Board's Waste Disposal Regulations, 35 Ill. Adm. Code 807.202(a).

By conducting a waste-storage or waste-disposal operation at the site without a permit granted by the Illinois EPA and in violation of the regulations or standards adopted by the Board under this Act, the Respondent has violated Section 21(d) of the Act, 415 ILCS 5/21(d) (2008).

By disposing or storing or transporting waste at or to a site which does not meet the requirements of the Act and of the standards and regulations promulgated thereunder, the Respondent has violated Section 21(e) of the Act, 415 ILCS 5/21(e) (2008).

C. Admission of Violations

The Respondent admits to the violations alleged in the Complaint filed in this matter and referenced within Section I.B herein.

D. Compliance Activities to Date

The Respondent removed and properly disposed of all non-hazardous wastes and is no longer operating at the site.

II. APPLICABILITY

This Stipulation shall apply to and be binding upon the Parties to the Stipulation. The Respondent shall not raise as a defense to any enforcement action taken pursuant to this Stipulation the failure of any of its officers, directors, agents, employees or successors or assigns to take such action as shall be required to comply with the provisions of this Stipulation. This Stipulation may be used against the Respondent in any subsequent enforcement action or permit

proceeding as proof of a past adjudication of violation of the Act and the Board Regulations for all violations alleged in the Complaint in this matter, for purposes of Sections 39 and 42 of the Act, 415 ILCS 5/39 and 42 (2008).

III. IMPACT ON THE PUBLIC RESULTING FROM ALLEGED NON-COMPLIANCE

Section 33(c) of the Act, 415 ILCS 5/33(c)(2008), provides as follows:

In making its orders and determinations, the Board shall take into consideration all the facts and circumstances bearing upon the reasonableness of the emissions, discharges, or deposits involved including, but not limited to:

1. the character and degree of injury to, or interference with the protection of the health, general welfare and physical property of the people;
2. the social and economic value of the pollution source;
3. the suitability or unsuitability of the pollution source to the area in which it is located, including the question of priority of location in the area involved;
4. the technical practicability and economic reasonableness of reducing or eliminating the emissions, discharges or deposits resulting from such pollution source; and
5. any subsequent compliance.

In response to these factors, the Parties to the Stipulation state the following:

1. Human health and the environment were threatened and the Illinois EPA's information gathering responsibilities hindered by the Respondent's violations.
2. There was a social and economic benefit to the facility.
3. Operation of the facility was suitable for the area in which it occurred.
4. Obtaining permits prior to developing and operating a waste storage facility at the site is both technically practicable and economically reasonable.

5. Respondent has subsequently complied with the Act and the Board Regulations.

IV. CONSIDERATION OF SECTION 42(h) FACTORS

Section 42(h) of the Act, 415 ILCS 5/42(h)(2008), provides as follows:

In determining the appropriate civil penalty to be imposed under . . . this Section, the Board is authorized to consider any matters of record in mitigation or aggravation of penalty, including but not limited to the following factors:

1. the duration and gravity of the violation;
2. the presence or absence of due diligence on the part of the respondent in attempting to comply with requirements of this Act and regulations thereunder or to secure relief therefrom as provided by this Act;
3. any economic benefits accrued by the respondent because of delay in compliance with requirements, in which case the economic benefits shall be determined by the lowest cost alternative for achieving compliance;
4. the amount of monetary penalty which will serve to deter further violations by the respondent and to otherwise aid in enhancing voluntary compliance with this Act by the respondent and other persons similarly subject to the Act;
5. the number, proximity in time, and gravity of previously adjudicated violations of this Act by the respondent;
6. whether the respondent voluntarily self-disclosed, in accordance with subsection i of this Section, the non-compliance to the Agency; and
7. whether the respondent has agreed to undertake a "supplemental environmental project," which means an environmentally beneficial project that a respondent agrees to undertake in settlement of an enforcement action brought under this Act, but which the respondent is not otherwise legally required to perform.

In response to these factors, the Parties to the Stipulation state as follows:

1. The Respondent stored non-hazardous waste at the site without obtaining permits

for the development and operation of a non-hazardous waste storage facility prior to such storage. The Respondent undertook compliance measures and resolved the violations the day following inspection by the Illinois EPA.

2. Respondent was diligent in attempting to come back into compliance with the Act and Board regulations once the Illinois EPA notified it of its noncompliance.

3. Any value realized by the Respondent was minimal because the Respondent had to properly manage and recycle or dispose of the non-hazardous wastes and those costs were only delayed by the Respondent's noncompliance.

4. Complainant has determined, based upon the specific facts of this matter, that a penalty of ten thousand two hundred and fifty dollars (\$10,250.00) will serve to deter further violations and aid in future voluntary compliance with the Act and Board regulations.

5. The Respondent was the subject of two United State Environmental Protection Agency Consent Agreements and Final Orders entered on March 16, 2006. One order concerned the storage of hazardous waste in an unsecured trailer on a residential street without a permit or interim status and assessed a penalty of \$7,020.00. The other order addressed the Respondent's failure to properly conduct a waste storage analysis and manage hazardous waste and assessed a penalty of \$2,020.00.

6. Self-disclosure is not at issue in this matter.

7. The settlement of this matter does not include a supplemental environmental project.

V. TERMS OF SETTLEMENT

A. Penalty Payment

1. The Respondent shall pay a civil penalty in the sum of Ten Thousand Two Hundred and Fifty Dollars (\$10,250.00) within thirty (30) days from the date the Board adopts and accepts this Stipulation.

B. Interest and Default

1. If the Respondent fails to make any payment required by this Stipulation on or before the date upon which the payment is due, the Respondent shall be in default and the remaining unpaid balance of the penalty, plus any accrued interest, shall be due and owing immediately. In the event of default, the Complainant shall be entitled to reasonable costs of collection, including reasonable attorney's fees.

2. Pursuant to Section 42(g) of the Act, interest shall accrue on any penalty amount owed by the Respondent not paid within the time prescribed herein. Interest on unpaid penalties shall begin to accrue from the date such are due and continue to accrue to the date full payment is received. Where partial payment is made on any penalty amount that is due, such partial payment shall be first applied to any interest on unpaid penalties then owing.

C. Payment Procedures

All payments required by this Stipulation shall be made by certified check or money order payable to the Illinois EPA for deposit into the Environmental Protection Trust Fund ("EPTF"). Payments shall be sent by first class mail and delivered to:

Illinois Environmental Protection Agency
Fiscal Services
1021 North Grand Avenue East
P.O. Box 19276

Springfield, IL 62794-9276

The case name and number shall appear on the face of the certified check or money order. A copy of the certified check or money order and any transmittal letter shall be sent to:

Christine Zeivel
Environmental Bureau
Illinois Attorney General's Office
500 South Second Street
Springfield, Illinois 62706

D. Future Compliance

1. This Stipulation in no way affects the responsibilities of the Respondent to comply with any other federal, state or local laws or regulations, including but not limited to the Act and the Board Regulations.

2. The Respondent shall cease and desist from future violations of the Act and Board Regulations that were the subject matter of the Complaint.

E. Release from Liability

In consideration of the Respondent's payment of the \$10,250.00 penalty and its commitment to cease and desist as contained in Section V.D. above, and upon the Board's approval of this Stipulation, the Complainant releases, waives and discharges the Respondent from any further liability or penalties for the violations of the Act and Board Regulations that were the subject matter of the Complaint herein. The release set forth above does not extend to any matters other than those expressly specified in Complainant's Complaint filed on August 7, 2009. The Complainant reserves, and this Stipulation is without prejudice to, all rights of the State of Illinois against the Respondent with respect to all other matters, including but not limited to, the following:

- a. criminal liability;
- b. liability for future violation of state, federal, local, and common laws and/or regulations;
- c. liability for natural resources damage arising out of the alleged violations; and
- d. liability or claims based on the Respondent's failure to satisfy the requirements of this Stipulation.

Nothing in this Stipulation is intended as a waiver, discharge, release, or covenant not to sue for any claim or cause of action, administrative or judicial, civil or criminal, past or future, in law or in equity, which the State of Illinois may have against any person, as defined by Section 3.315 of the Act, 415 ILCS 5/3.315 (2008), or entity other than the Respondent.

F. Enforcement and Modification of Stipulation

Upon the entry of the Board's Order approving and accepting this Stipulation, that Order is a binding and enforceable order of the Board and may be enforced as such through any and all available means.

G. Execution of Stipulation

The undersigned representatives for the Parties to the Stipulation certify that they are fully authorized by the party whom they represent to enter into the terms and conditions of this Stipulation and to legally bind them to it.

WHEREFORE, the Parties to the Stipulation request that the Board adopt and accept the foregoing Stipulation and Proposal for Settlement as written.
