Petition for Review

STATE OF ILLINOIS
Pollution Control Board

I Carl Benedict am contesting the administrative Citation issued to me by the Illinois Pollution Control Board dated 5-28-03 and am hereby filing a petition for Review. I have rented this location for storing vehicles. I am not in the tire or parts business & estimate that ^{I had} approximately 50-60 tires there. I have removed about 200 tires during 2002. I have about 350 tires that have been recovered from the woods & put them where they can be easily loaded on trucks & will be hauled soon. Mrs. Sharyn Fuller owner of the property has done nothing in regard to this problem and will not return any of the several calls that I have made to her.
