MOTION FOR LEAVE TO FILE REDUCED NUMBER OF COPIES OF RECORD

NOW COMES, Respondent, ILLINOIS ENVIRONMENTAL PROTECTION AGENCY, *ex rel* Lisa Madigan, Attorney General of the State of Illinois, and moves for leave to file a reduced number of copies of the record for the subject permit, and states as follows:

1. Section 101.302(h)(2) of the Board's Procedural Rules, 35 Ill. Adm. Code 101.302(h)(2), states that the Illinois EPA is to file a signed original and 4 duplicate copies of the record.

2. The record in this matter consists of 25,336 pages. Reproduction to date has resulted in the demise of one copy machine. Reproduction has resulted in utilization of multiple ink cartridges, and Respondent has experienced delays in obtaining new cartridges due to the State's current status of "delinquent" with its vendors. In light of the current strain on State resources, the size of this record, and the ability to include an electronic copy of the entire record, Respondent requests the Board's consideration of a reduction in the number of hard copies required.

3. Communication with the Board Clerk's office indicated that the Board may be agreeable to accepting an original and two copies and a CD disk, in lieu of the required original

and four hard copies.

WHEREFORE, on the foregoing grounds and for the foregoing reasons, Respondent respectfully requests leave to file a reduced number of copies, that being an original and two copies and a CD, of the record in this matter.

Respectfully submitted,

PEOPLE OF THE STATE OF ILLINOIS,
ex rel. LISA MADIGAN, Attorney General
of the State of Illinois
