Opinion & Order of the Board (by Mr. Currie):

Geneva sought a variance to engage in open burning for firefighting instruction purposes. We have since received a stipulation indicating that there is no need for a variance, as the Agency has issued a permit to allow the burning pursuant to our regulations. The petition for variance is therefore dismissed.

I, Christan Moffett, Clerk of the Pollution Control Board, certify that the Board adopted the above Opinion & Order this 29th day of August, 1972, by a vote of 5-0.
