ORDER OF THE BOARD (by Mr. Dumelle):

Petition is inadequate in that no weights of organic emissions are given---only concentrations. There is no showing that the emission rate causes a violation of the Rules and Regulations.

Petitioner is ordered to amend the petition within 30 days to provide the needed information. A waiver from the 90-day decision period shall be made for the period elapsing between the petition filing date and the date of submission of the required information.

Failure to timely file the information requested shall make the petition liable to dismissal for inadequacy.

IT IS SO ORDERED.

Mr. Henss and Mr. Odell were not present.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 3RD day of January, 1974 by a vote of 3-0.
