To Whom it may concern,

This letter is in reference to the estate of Kenneth Berhenke Sr. Case # AC11-26. We have also sent a copy of this letter to Michelle Ryan in Springfield, Illinois at the Illinois Environmental Protection Agency.

ORIGINAL

It has been raining back here every week. We have pulled tires out. It needs to dry out enough so I can get a bobcat down in there to get the rest of the stuff out. By next month, I should have enough money to get a dumpster. Then I would be able to get it completely done.

Thank-you,

Michael J Berhenke
