STATE OF ILLINOIS
Pollution Control Board

To Whom It May Concern:

I am sending this letter in regards to the Henson C&D Recycling Center on Tri Lakes Road in Bloomington, IL. We gathered roughly 100 signatures regarding a public hearing take place on the above mentioned project. We were under the assumption that only the IEPA could make a decision on this property, but at the IEPA hearing last night (September 28, 2011 at Tri Lakes) we found out that we could submit these names to the county board.

We, the undersigned McLean County residents, are asking the Illinois EPA to conduct a public hearing on the proposed construction debris site that has proposed by Henson Disposal, or other businesses also operating under the name of Kirk C&D Recycling or Kirk Holdings, LLC, on properties in the 2100 block of Tri-Lakes Road in Bloomington, Illinois.

We would like a hearing to enable public input and questions as to the nature of this business and what materials they will be storing here, any chemical or air risks from those materials, concrete or masonry grinding operations or other activities on this site which could affect ground water, air quality or long-term detrimental effects to the air, soil or water.
