PC#6

**FROM: Nancy Sherman  
16999 Barber Greene Road  
Maple Park, Illinois 60151  
Cortland Township Resident and Voter  
Cortland Township Trustee**

**Regarding: Enlargement of Waste Management Landfill in  
Cortland Township, DeKalb County, Illinois**

- 1. Cortland Township has a landfill and two sewage system plants located in the southeast township area, all within a five mile radius of each other.**
- 2. Because of this I am making a request for re-evaluation of E.P.A. approval of enlargement of the landfill at no expense to myself or the township or township residents.**
- 3. As a resident of Cortland Township this concentration of waste facilities in such a small area requires assurance that potential dangers have been seriously considered. As an elected township official it is my responsibility to make this request to protect the health and welfare of Cortland Township residents since damage could occur to well water and other health and safety factors must be considered.**
