

ILLINOIS POLLUTION CONTROL BOARD
August 8, 1972

CITY OF SANDWICH,)
Petitioner,)
vs) PCB 72-322
ENVIRONMENTAL PROTECTION AGENCY,)
Respondent.)

PRELIMINARY ORDER (by Mr. Parker):

This variance proceeding was commenced by the filing with the Pollution Control Board, on August 1, 1972, of a copy of a letter dated June 15, 1972 from Baxter & Woodman, Inc., engineers for the City of Sandwich, to the Agency, and a copy of an Agency reply letter dated June 26, 1972. Petitioner seeks to avoid use of temporary chlorination facilities pending completion of permanent facilities expected to be in operation late this year.

We find that information in addition to that set forth in these letters will be required in support of the request for a variance, and herewith order that petitioner file an amended petition with the Board on or before August 28, 1972, the amended petition to contain additional information consistent with the requirements of our Procedural Rule 401, including facts as to the feasibility and cost of temporary chlorination facilities and the effect upon the creek. The amended petition should also include a statement by petitioner that the 90 day period provided for in Title 9, Section 38 of the Environmental Protection Act shall commence as of the date of filing of the amended petition.

In the absence of the filing of an amended petition on or before August 28, 1972, the original petition will be subject to dismissal.

I, Christan Moffett, Clerk of the Pollution Control Board, certify that the Board adopted the above Preliminary Order this 8th day of August, 1972, by a vote of 5-0.

Christan L. Moffett
