RECENT PUBLIC ACTS)

Adopted Rule. Final Notice.

OPINION AND ORDER OF THE BOARD (by T.A. Holbrook):

In a first-notice opinion and order adopted on February 2, 2012, the Board proposed to update the definition of “pollution control facility” in its procedural rules in order to reflect recent statutory amendments. Updates to the Definition of "Pollution Control Facility" at Section 101.202 of the Board's Procedural Rules to Reflect Recent Public Acts, R12-22 (Feb. 2, 2012); *see* 36 Ill. Reg. 2469 (Feb. 17, 2012); *see also* 35 Ill. Adm. Code 101.202. During the 45-day first-notice comment period (*see* 5 ILCS 100/5-40(b) (2010)), the Board did not receive a comment on its proposal.

On April 19, 2012, the Board submitted its first-notice proposal without substantive amendment to second-notice review by the Joint Committee on Administrative Rules (JCAR) (*see* 5 ILCS 100/5-40(c) (2010)). At its meeting on May 15, 2012, JCAR issued its certificate of no objection to the Board’s proposal. Today the Board issues its final opinion and order amending the definition of “pollution control facility” only to make the definition consistent with recent Public Acts amending it.

In this opinion, the Board first discusses the various Public Acts necessitating the proposed changes before reaching its conclusion to adopt amendments to the definition of “pollution control facility” in Section 101.202 of the Board’s procedural rules. The order following the opinion directs the Clerk to submit the adopted rules to the Secretary of State for publication in the *Illinois Register*.

DISCUSSION

This rulemaking adopts amendments necessary to make the definition of “pollution control facility” in the Board’s procedural rules consistent with recent revisions to the Environmental Protection Act (Act). These statutory revisions have taken effect since the Board’s last rulemaking dockets addressing this definition. See Proposed Amendments to the Board’s Procedural Rules and Underground Storage Tank Regulations to Reflect P.A. 94-0274, P.A. 94-0276, and P.A. 94-0824 (35 Ill. Adm. Code 101.202, 732.103, 732.702, 734.115, 734.710) R 07-17 (Nov. 15, 2007); Amendments to the Procedural Rules - “Pollution Control Facility” Definition Under P.A. 93-0998, P.A. 94-0094, and P.A. 94-0249 (35 Ill. Adm. Code

101.202, R06-9 (Nov. 17, 2005); *see also* 31 Ill. Reg. 16110, 16132, 16151 (Dec. 7, 2007); 29 Ill. Reg. 19666 (Dec. 2, 2005). The Board has opened dockets of this nature to avoid inconsistency and to clarify its procedural rules for the benefit of the public.

In the following subsections, the Board summarizes recent Public Acts revising the Act's definition of "pollution control facility." *See* 415 ILCS 5/3.330 (2010).

Public Act 96-418

Public Act 96-418, effective January 1, 2010 (P.A. 96-418), amended the definition of "pollution control facility" at Section 3.330 of the Act (415 ICLS 5/3.330 (2010)) by providing that the term does not include the portion of a site or facility that "is used for the composting of food scrap, livestock waste, crop residue, uncontaminated wood waste, or paper waste, including, but not limited to, corrugated paper or cardboard," and also meets a number of specified requirements pertaining to size, location, and operation. P.A. 96-418.

Public Act 96-611

Public Act 96-611, effective August 24, 2009 (P.A. 96-611), amended the definition of "pollution control facility" at Section 3.330 of the Act (415 ILCS 5/3.330 (2010)) by excluding the portion of a site or facility accepting exclusively general construction debris, located in a county with a population over 500,000 from regulation as a pollution control facility. P.A. 96-611. This provision had previously included a population threshold of 700,000. *Id.*

Public Act 96-887

Public Act 96-887, effective April 9, 2010 (P.A. 96-887), amended the definition of "pollution control facility" at Section 3.330 of the Act (415 ILCS 5/3.330 (2010)) by excluding "the portion of a site or facility used to perform limited testing of gasification conversion technology. . . ." P.A. 96-887; *see* Public Act 97-545, effective January 1, 2012 (inserting specific effective date and public act number); Public Act 97-333, effective August 12, 2011 (revisory act inserting specific effective date and public act number).

Public Act 96-1068

Public Act 96-1068, effective July 16, 2010 (P.A. 96-1068), amended the definition of "pollution control facility" at Section 3.330 of the ct (415 ICLS 5/3.330 (2010)) by excluding "the portion of a site or facility that (i) accepts exclusively general construction or demolition debris, (ii) is located in a county with a population over 3,000,000 as of January 1, 2000 or in a county that is contiguous to such a county, and (iii) is operated an located in accordance with Section 22.38 of this Act." P.A. 96-1068.

Public Act 96-1314

Public Act 96-1314, effective July 27, 2010 (P.A. 96-1314), amended the definition of "pollution control facility" at Section 3.330 of the Act (415 ILCS 5/3.330 (2010)) by excluding

specified sites or facilities performing testing of a thermochemical conversion technology and meeting other requirements. P.A. 96-1314; *see* Public Act 97-545, effective January 1, 2012 (adding effective date and public act number).

Public Act 97-545

Public Act 97-545, effective January 1, 2012 (P.A. 97-545), amended the definition of “pollution control facility at Section 5.330 of the Act (415 ILCS 5/3.330 (2010) by excluding from the definition “the portion of a site or facility that is used to incinerate only pharmaceuticals from residential sources that are collected and transported by law enforcement agencies under Section 17.9A of this Act.” P.A. 97-545; *see id.* (Section 17.9A. Collection and transportation of pharmaceuticals by law enforcement agencies).

CONCLUSION

The Board adopts amendments to the definition of “pollution control facility” in its procedural rules. The adopted amendments reflect recent amendments of and additions to the definition of that term in the Act. *See* 415 ILCS 5/3.330 (2010). Because the adopted rules amend only its procedural rules, the Board has not held a hearing in this matter. *See* 415 ILCS 26, 27, 28 (2010). As noted above, the Board did not receive a comment during the first-notice comment period, and JCAR has proposed no substantive changes. Accordingly, the Board has not substantively amended its first-notice proposal. *See* 5 ILCS 100/5-40(c) (2010).

ORDER

The Board directs the Clerk to submit the following adopted amendments to the Secretary of State for publication in the *Illinois Register*. Proposed additions are underlined, and proposed deletions appear stricken.
