**RECEIVED  
CLERK'S OFFICE**

**JUN 29 2012**

**STATE OF ILLINOIS  
Pollution Control Board**

Jun 28, 2012

Illinois Pollution Control Board Members

Dear Control Board Members,

I object to Ameren's Petition for a Variance, Docket No. PCB 2012-126.

In 2006, Illinois made history by passing a leading mercury pollution reduction standard. The original agreement included new clean air standards for mercury, sulfur dioxide (SO<sub>2</sub>) and nitrous oxide (NO<sub>x</sub>), which create acid rain and smog, as well as many health-related problems. Ameren committed to a schedule for reducing its SO<sub>2</sub> and NO<sub>x</sub> pollution in return for more time to make its mercury pollution reductions.

The state upheld its side of the deal, but now Ameren is trying to stall cleaning up its coal plants like it promised to. I hope you will reject the company's request for a variance and instead hold the company to the standard passed in 2006 and the agreement it made to reduce mercury pollution. I believe this is critical for my health and the health and environment of all of Illinois.

Sincerely,

Ms. Sandra Binion  
7309 Davis St  
Morton Grove, IL 60053-1704
