

R.E. Ameren Energy Resources Company  
LLC's Petition for Variance from the  
IL Multipollutant Std. PCB 12-126

8/8/12

PCB  
2645

Dear Members of the IL Pollution Control Board,

RECEIVED  
CLERK'S OFFICE

AUG 14 2012

STATE OF ILLINOIS  
Pollution Control Board

As a concerned citizen and business owner  
off in Newton, Illinois, I'm asking you to  
grant a request to Newton Energy Center  
for the extension of time they need to  
meet & exceed the E.P.A.'s new air emis-  
sions standards. The regulations & time-  
lines that E.P.A. have brought onto IL  
businesses in the last several years have  
been out of control. They have forced  
businesses to close or move out of IL  
or pass on undue costs to consumers.

It's time to put some common sense into  
their way of thinking. Ameren are just  
like all people of Jasper County, we all  
care about our air quality and we all  
do our part to help keep it clean.

Enough is Enough of E.P.A.'s regulations  
& timelines. Stop trying to break the  
financial strength of businesses & consumers  
in Illinois with undue regulations & timelines..!!

Sincerely, Dale Ginder
