STATE OF ILLINOIS
COUNTY OF WINNEBAGO
BEFORE THE WINNEBAGO COUNTY BOARD

In Re: THE APPLICATION OF)
WINNEBAGO LANDFILL COMPANY,)
LLC, FOR SITING APPROVAL OF A)
NEW POLLUTION CONTROL)
FACILITY)

AFFIDAVIT OF COMPLIANCE WITH 415 ILCS 5/39.2(b)

GEORGE MUELLER, being first duly sworn on oath, deposes and states as follows:

1. I am an attorney licensed to practice in the State of Illinois with my principal office located at 609 E. Etna Road, Ottawa, Illinois, 61350.

2. I am one of the attorneys for Winnebago Landfill Company, LLC, and it was my responsibility to prepare, publish and serve pre-filing notices as required in 415 ILCS 5/39.2(b).

3. 415 ILCS 5/39.2(b) requires that no later than fourteen (14) days prior to a request for location approval of a pollution control facility, the applicant shall cause written notice of such request to be served either in person or by registered mail, return receipt requested, on the owners of all property within the subject area not wholly owned by the applicant and on the owners of all property within 250 feet in each direction of the lot line of the subject property, said owners being such persons or entities which appear from the authentic tax records of the county in which such facility is to be located, provided, that the number of all feet occupied by all public roads, streets, alleys and other public

ways shall be excluded in computing the 250 feet requirement, provided further that in no event shall this requirement exceed 400 feet, including public streets, alleys and other public ways. Section 39.2(b) further provides that such notice shall be served upon members of the general assembly from the legislative district in which the proposed facility is located and shall be published in a newspaper of general circulation published in the county in which the site is located. Section 39.2(b) further provides that such notice shall state the name and address of the applicant, the location of the proposed site, the nature and size of the development, the nature of the activity proposed, the probable life of the proposed activity, the date when the request for site approval will be submitted, and a description of the right of persons to comment on such request.

4. The Notice prepared and served in connection with the aforesaid requirement is attached hereto and made a part hereof as Exhibit A. Said Notice conforms to the requirements of Section 39.2(B).

5. I identified the names and address of all members of the General Assembly from the legislative district in which the proposed facility is located by using information publically maintained and available on the Illinois General Assembly internet website www.ilga.gov.

6. I caused a copy of the Notice to be published in the Rockford Registered Star, a newspaper of general circulation in the county in which the application is pending on December 28, 2011. A copy of the actual publication and proof of publication is attached hereto and made a part hereof as Exhibit B.

7. On December 13, 2011, I searched the authentic tax records in Winnebago County and Ogle County to ascertain the names and addresses of all owners of the subject property and all other property within 400 feet of the subject property. In Winnebago County, I first visited the office of the Treasurer and was advised that the County Treasurer, the County Supervisor of Assessments, and the County Recorder jointly maintain a consolidated computer database of the authentic tax records of the County. I was told that this database is generally updated daily. I was also provided with plat books, section maps and line drawings which enabled me to accurately identify the parcel index numbers of properties in proximity to the subject property. I was provided access to a computer in the County Recorder's office to access the consolidated database of authentic records for the purpose of identifying owner names and addresses associated with the parcel identification numbers. The process in Ogle County was essentially the same, and County also has a consolidated computer database of official tax records maintained and updated on a daily basis. The only difference in the Ogle County process was that Ogle County also has a GIS department which maintains online maps from which the parcel identification numbers of adjoining properties could be identified without having to access hard copies of plat books or section maps.

8. Attached hereto and made a part hereof as Exhibit C is the full and complete list of all individuals and entities which were sent pre-filing Notice pursuant to 415 ILCS 5/39.2(b). This includes all owners of property and members of the General Assembly who were entitled to Notice.

9. On December 27, 2011, I caused the consolidated computer databases of official tax records in Winnebago County and Ogle County to be searched again to ascertain whether there had been any changes or additions since my previous search.

10. On December 26 and December 27, 2011, certified mail Notice was sent to all individuals and entities set forth on Exhibit C. Copies of the certified mail receipts for all of these Notices are attached hereto and made a part hereof as Exhibit D.

11. The siting application herein was filed on January 17, 2012.

12. All of the foregoing complies fully and completely with the pre-filing notice requirements of 415 ILCS 5/39.2(b).

FURTHER AFFIANT SAYETH NOT.
