

ILLINOIS POLLUTION CONTROL BOARD
September 29, 1975

IN THE MATTER OF)
SEWER CONNECTION BANS) R71-19
)

ORDER OF THE BOARD (by Mr. Dumelle):

The following new Rule is hereby added to Chapter III of the Rules and Regulations of the Illinois Pollution Control Board.

604 New Connections.

(a) Publication of Lists. The Agency shall publish and make available to the public at intervals of not more than three months a comprehensive and up-to-date list of sanitary districts and other wastewater treatment or transportation authorities then subject to restricted status on further sewer connections, as well as a list of those which are then under critical review by the Agency. Such lists shall include estimates of treatment plant and sewer capacity, and the amount of population equivalent added since publication of the previous list.

(b) Restricted Status. Restricted status shall be defined as the Agency determination, pursuant to Section 39 of the Act and Rule 962 of this Chapter, that a sewer has reached hydraulic capacity or that a sewage treatment plant has reached design capacity, such that additional sewer connection permits may no longer be issued without causing a violation of the Act or regulations.

(c) Critical Review. Critical review shall be defined as the Agency determination, pursuant to Section 39 of the Act and Rule 962 of this Chapter, that a sewer is approaching hydraulic capacity or that a sewage treatment plant is approaching design capacity, such that additional sewer connection permit applications will require close scrutiny to determine whether issuance would result in a violation of the Act or regulations.

(d) Notification of Individuals Requesting Connections. Sanitary districts, or other wastewater treatment or transportation authorities responsible for authorizing new sewer connections, which have been placed on restricted status or critical review by the Agency shall notify all individuals requesting connections of such Agency determination.

(e) Appeal. Any sanitary district or other wastewater treatment or transportation authority responsible for authorizing new sewer connections, may petition, pursuant to Title 10 of the Act and Part 5 of the Board Procedural Rules, for a hearing before the Board to contest the decision of the Agency to place it on restricted status.

(f) Effective Date. This rule shall become effective on January 1, 1976.

IT IS SO ORDERED.

Mr. Henss Abstains.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted on the 29th day of September 1975 by a vote of 3 to 0.
