ORDER OF THE BOARD (by Mr. Henss)

Complainant has filed Motion to Amend Complaint requesting leave to amend Count II of the Complaint by adding certain language to the "Wherefore clause". The Motion is denied. Count II has been stricken and there is nothing remaining before us to which such an amendment could attach. If Complainant wishes to revise its theory of the case with reference to Count II the appropriate method is to request leave for the filing of an entire amended Count II.

It is ordered that the Motion to Amend Complaint be denied.

I, Christan L. Moffett, Clerk of the Illinois Pollution Control Board, hereby certify the above Order was adopted this 21st day of March, 1974 by a vote of 5 to 0.
